Welcome.

As Commodore of the fleet and Master of Queen Victoria, I welcome you to the unique world of Cunard. An unparalleled experience at sea, supported by one of the finest and most dedicated crews who stand ready to ensure our famous White Star Service is there for you at all times.

Whether you are about to embark on your very first Cunard voyage or you are a regular Cunarder, I hope you enjoy this latest selection of extraordinary adventures across the globe that has been carefully curated to make the very most of your time. As always with Cunard, we strive to offer you an unrivalled sense of freedom and possibility so you may do as much or as little as you please.

I've always found exploring cities and far-flung places a true delight, especially from the comfort and freedom of a Cunard ship. With Queen Mary 2 "remastered" in 2016, Queen Victoria's refit in June 2017, and Queen Elizabeth's in 2018, there really has never been a better time to sail with Cunard.

We're ready to go; all that remains is for you to decide where you'd like us to take you.

Commodore Christopher Rynd

Explore the world in style.

If this is the first time you have sailed with Cunard, prepare yourself for a unique treat. The first difference you may notice is the surprising amount of space on board; from broad open decks to beautiful atriums, you are equally sure to find yourself a peaceful place as a lively activity – you'll always find somewhere to suit the way you feel.

It's your world, to savour in your own way.

Your choice of three exceptional ships comprises Queen Elizabeth, Queen Victoria, and Queen Mary 2, the flagship. Grand in scale and stylish down to the smallest detail, each is a world unto herself. A place of discovery and relaxation, and the perfect setting from which to visit your favourite destinations or explore new lands.

There is a wonderful pace to a Cunard holiday, with just the right balance of time spent on board and ashore. Wherever possible, there is a sea day immediately after you set sail and the day before you disembark, so you're always refreshed for the adventures to come.

Welcome to your Cunard home.

Cunard feels like another world, yet also as welcoming as home. It's a combination of courtesy and confidence that shows you're in the hands of the most professional crew. Individuals who take great pride in making your stay on board effortless and unforgettable.

You can hear it in the way your stateroom steward greets you by name and remembers details about your trip. You can see it in your waiter's impeccable attention to detail. You can feel it in the way you relax the moment you step on board.

We believe great service is warm and sincere, not stuffy or hurried. It's always friendly, yet never over-familiar. Great service revolves around you.

At Cunard, we call it White Star Service because it's a shining example of how best to treat every guest.

Queen Mary 2.

Welcome to the most famous ocean liner in the world.

Her elegance and scale are like no other.

Encompassed within her graceful lines are fifteen restaurants and bars, five swimming pools, a full-sized theatre, a casino, a Canyon Ranch SpaClub®, a 3D cinema, a full scale floating planetarium, and the largest dance floor at sea.

If you love fresh sea air, there are acres of deck space and – as on all three Cunard Queens – a traditional promenade deck that circumnavigates the ship. She even has kennels to accommodate our four-legged guests in style on Transatlantic Crossings.

Queen Mary 2 unveiled the next chapter of Cunard innovation and investment in June 2016, when she received a significant refit that introduced enhanced interior designs and guest experiences as well as new Britannia Single and Club Balcony staterooms.

Queen Elizabeth.

Our youngest Queen at sea, Queen Elizabeth's grace and Art Deco design have won her many accolades and made her a firm favourite with guests. The heyday of Hollywood glamour is instantly evoked by her elegant wood panelling, gleaming chandeliers, marble flooring, and beautiful decorative touches.

For relaxation, Queen Elizabeth offers wide open deck space, the Garden Lounge – a large conservatory, based on the famous hothouses of Kew Gardens – as well as a unique Games Deck, where you can try your hand at a game of croquet or paddle tennis in the middle of the ocean.

In November 2018 Queen Elizabeth will benefit from a refit.

Queen Victoria.

Queen Victoria is similar in size and layout to her sister ship, Queen Elizabeth, but with her own distinct personality and feel. Her classical décor has an Edwardian elegance – warm-toned and plush – executed with Cunard’s hallmark flair.

Fans of Queen Victoria – and they are legion – often remark on her unusual cosiness. Because, while she’s every inch a grand ship in terms of size and decor, she has a particularly warm and intimate feeling throughout.

Queen Victoria.

As Cunard continues to invest in the quality of your experience, Queen Victoria's refit in May and June 2017 introduced enhanced interior design and several new features.

Britannia Club.

The introduction of 43 new Britannia Club staterooms in prime locations on decks seven and eight feature all the hallmarks of Cunard style and comfort. Britannia Club is enhanced with premium balconies, a nine-pillow concierge menu and the freedom to dine whenever you choose between 6.30pm and 9.00pm in the new Britannia Club restaurant. This restaurant is located on deck two.

Britannia Staterooms.

All Britannia staterooms feature newly designed carpets and soft furnishings, taking inspiration from Cunard's heritage and bold colour palettes. For extra comfort, tea and coffee making facilities and new flat screen HD televisions are available in all staterooms.

Grill Suites.

All grades of Queens Grill and Princess Grill suites received an interior refresh during Queen Victoria's refit, to maximise space while ensuring unsurpassed levels of elegance and comfort. In the Grand Suites, a clever configuration of furniture maximise the comfort and spacious appeal of this accommodation, creating an even more desirable sanctuary or space to entertain.

Bars and Lounges.

Making the most of Queen Victoria's new aft extension, the Lido sun deck has been transformed with enhanced deck furniture, additional shaded areas, entertainment, and al fresco dining options.

During the day, a new Chart Room serves light breakfast and lunch dishes, speciality teas, illy coffee, and decadent Godiva chocolate treats. As day turns to night, this elegant venue will serve the perfect cocktail to begin your evening on board.

Cunard has also introduced a gin and fizz themed menu to the Midships Lounge. This offers wine, prosecco, cava, and champagne alongside premium gins and spirits, all blended to create fresh and inspiring cocktails.

Find the perfect restaurant in the middle of nowhere.

If anything sums up the freedom of your voyage it's the array of places to eat, from healthy to hearty, from light bites to haute cuisine. Your only challenge is deciding what to order, when so much catches the eye. You'll find classics like tender lobster or melt-in-the-mouth chateaubriand. Often what's on offer reflects where you are in the world, as our chefs make use of fresh local ingredients.

For those more informal lunches, the ever-popular Golden Lion Pub welcomes you with traditional gastro-pub fare.

'Dining out' is always an option.

For a modest supplement, you can enjoy a change of culinary scenery anytime from your main restaurant, and 'dine out'.

By evening, all ships offer alternative dining options. These include Italian, Indian, Pan Asian, Mexican, and American Smokehouse menus, served in the Kings Court or Lido restaurants.

The Verandah restaurant serves French specialities during the day and evening. At dinner, it also offers an acclaimed multiple-course tasting menu – an unforgettable culinary experience for which it's truly worth skipping lunch.

So much to do, so much time.

You could try something new with Cunard every day
and never experience it all.

Escape into a world of possibilities with as much or as little
to do as you please. Feel everyday concerns slip away as you
ease into a day of blissful relaxation, or begin to explore the
many experiences that await you.

Guests often remark on there being so many choices with
Cunard, they rarely have time to appreciate the peaceful
refinement of their stateroom.

You may care to begin with a stroll or jog around the
promenade deck; three laps of Queen Mary 2 are already one
mile. You may wish to lose yourself in the largest libraries
at sea, discover the only floating planetarium, or join our
Sommeliers for a wine-tasting from our vast cellar.

Perhaps the time has come to start that novel; our classes
can guide you. Maybe you've always wanted to learn the
tango, try fencing, see how to take professional photos,
or possibly meet an astronaut at one of many Insight lectures.

Whatever inspires you,
it is Cunard's delight to provide it.

A treat for all your senses.

Thermal suites for lounging, frothy spa pools for luxuriating, and vast ocean views in which to get lost. Welcome to the Royal Spas on board Queen Victoria and Queen Elizabeth and the Canyon Ranch SpaClub® on Queen Mary 2 - one of the largest spas at sea.

Each sensuous spa on board can lift you to another level of relaxation; a quiet retreat offering you a tempting range of indulgent treatments. Take a deep breath and feel revived by the scent of eucalyptus and the gentle sound of your bubbling hydrotherapy bath.

Between a soak in the whirlpool and a tête-à-tête with friends, you might choose to immerse yourself in a novel, or simply drift in and out of sleep on your warm tile bed. Should you wish to slow the pace even further, you can listen to piano music in our Retreat Lounge before unwinding with a full body massage by a world-class therapist.

The night, as they say, is yours.

Evenings on board offer so many pleasures: deciding where to dine, wondering whether to dance, mingle, or enjoy a show. Then, of course, there's the fun of dressing for the occasion.

Yes, we invite guests to dress for dinner, and we think you'll love it. Formal nights usually involve a themed Ball and account for about a third of your days on board. Many of our guests sail with Cunard precisely because they love a reason to step out in style.

For the other evenings the dress is smart yet relaxed – think jackets but no ties and cocktail dresses. If you prefer to dress more casually, you are always welcome to dine in the Lido restaurants or Kings Court and to unwind for the evening in the Carinthia Lounge, Winter Garden, or Garden Lounge, Yacht Club and G32.

Every evening is an event.

On each ship, the full-sized Royal Court Theatre is the setting for West End-calibre shows. Some nights feature singers or comedians, other times you might catch an abridged classical drama or a spectacular musical. On board Queen Elizabeth and Queen Victoria you can enjoy your own private box (the first of its kind at sea) where you can be served champagne.

If you're feeling lucky, maybe the casino calls. Or you can kick up your own heels on the beautiful sprung dance floor in the Queens Room ballroom – where our themed Balls are held – or in one of our nightclubs.

As you explore the ship, live music is around every corner, from solo harpists, classical recitals to jazz ensembles. While the quizzes and karaoke nights in the Golden Lion pub always draw a lively, informal crowd.

Half the pleasure is in the planning.

If our ships have inspired you, it may be time to consider some of the amazing places to which we can transport you. This is just the brief glimpse of the voyages you could take.

Transatlantic Crossings.

This is a sailing truly anchored in history. Once the only way from Europe to the New World, transatlantic ships were famed for their romance and speed. Today, of course, there are many quicker ways to travel. But none finer. Seven days aboard Queen Mary 2 gives you a unique opportunity to forget the patterns of everyday life. As the boundless ocean surrounds you, all you can do is surrender to the rhythms of dining, discovering, mingling, and relaxing.

Whether you're sailing from New York to Southampton, or vice versa, why not spend a few extra days in the city that never sleeps – perhaps taking advantage of our bespoke tours? There's just so much to explore: the shops, the restaurants, the museums, and the parks – beneath that iconic Manhattan skyline.

Fly-cruises.

Mediterranean fly-cruises.

Travelling by plane to meet your ship is the fastest way to start exploring warmer waters and the many jewels of this fascinating part of the world. You can sit back and let us chauffeur you around coastlines with drama, history, and vibrant local culture. One day you might hop off for lunch on Monaco's billionaires' row. The next, eat pizza in its hometown, Naples, before exploring the Museum of Napoleon Bonaparte in Corsica the day after. You can start your cruise in Barcelona, Rome, Athens, or Venice, with voyages lasting anything from seven to 24 nights. On arrival in or departure from any of these fascinating cities, you're welcome to extend your holiday in one of our preferred hotels – handpicked for their excellent service and location.

- ◆ Spain ◆ Italy ◆ The Adriatic ◆ Greece ◆ French Riviera

Fly-cruises to the Americas.

As you fly across the Atlantic to meet your ship you could admire New England or Canada – perhaps as autumn turns the landscape a fiery mix of orange, copper, and red. Or you may wish to escape the winter by sampling the tranquillity of the Caribbean, hopping from island to island. Our Fly-Cruises to the Americas range between eight and 34 nights.

- ◆ Caribbean ◆ New England and Canada

Cruises from Southampton.

Roundtrip from Southampton.

If you prefer not to fly, that needn't limit your horizons. Cunard offers many opportunities to sail from and returning to Southampton, with cruises ranging from seven to 16 nights. As there are no total weight limits on your luggage (although we regret no one piece can weigh more than 23kg), there's no cramping your style. Bring everything you like, and maybe an extra outfit or two just in case. More of your precious time can then be spent actually on holiday – the sooner you step on board, the sooner the total relaxation begins.

- ◆ The Norwegian Fjords ◆ The Baltic Sea
- ◆ Around Britain ◆ The Mediterranean ◆ Iceland
- ◆ Iberia and the Canary Islands ◆ Caribbean

Short Breaks.

Sailing with Cunard always clears the mind and feeds the soul, even if it's just for a few days. Our Short Breaks offer roundtrips from Southampton to delights such as France's Cotentin peninsula, the waterways of the Netherlands, or the historical elegance of Bruges, Amsterdam, and Hamburg.

- ◆ Hamburg ◆ Amsterdam ◆ Kiel ◆ Bruges/Brussels

Oceans of Discovery 2019.

Full World Voyage.

As the pioneer of luxury sea travel, Cunard is delighted to offer The World Voyage to remarkable destinations over 107 nights.

Grand Voyages, by Cunard.

Explore legendary sailing routes and experience the delights of classic seafaring travel.

Regions of the World, by Cunard.

The Regions of the World encompass such vast areas of natural beauty and human wonder it can be challenging to know where to start.

Event cruises.

Cunard is offering a number of special event cruises in 2018 and 2019, giving you all the benefits of a regular Cunard cruise but with the addition of special events or milestones to be part of.

Transatlantic Crossings, by Cunard.

Cunard ships have been crossing the Atlantic to and from New York since 1847, when Sir Samuel established the first ever regular service. Today, only Queen Mary 2 regularly makes this journey. Not only does it remain as glamorous and exciting as ever, it also remains one of travel's most truly iconic experiences.

That's partly because a Transatlantic Crossing offers you so much possibility. It's a welcome chance to leave the everyday world behind, escape into a new world of indulgence and excitement and yet feel totally relaxed. Most of all, it's an invitation to make a dramatic and unforgettable arrival into – or departure from – perhaps the world's most iconic city.

Our magnificent flagship is uniquely suited to ensuring you enjoy the holiday of a lifetime. There is much space and so many experiences from which to choose, including the planetarium, 3D film screenings, drama workshops, the largest floating library, and the blissful Canyon Ranch SpaClub®.

As you would expect, the cuisine is exquisite. Beyond what you might imagine, at night you can anticipate a whirl of outstanding live music, dancing to the acclaimed orchestra in the Queens Room, and West End-quality shows.

New York

Days to love across the Atlantic.

Whichever way you travel between New York and Southampton, you'll have six or seven whole days in which to lose yourself to the countless charms of our flagship.

The beauty of it all is that every moment is yours to do exactly what you want. You can be sociable all day long, or find your own quiet corner. You can stay active from dawn until dusk, or just enjoy the glorious leisure. It's your holiday, it's up to you. Here are a few ideas of how you might spend those daytime hours.

Simply taking it easy.

If you've never been on Queen Mary 2 before, you have the opportunity to experience a virtual adventure to distant galaxies in the planetarium. Maybe stroll around the Maritime Quest historical exhibit on a self-guided tour around her decks? Or perhaps delve into some holiday reading? You'll certainly find a page-turner in the world's largest floating library. There's also usually a movie showing in the afternoon, sometimes in 3D.

It may be the perfect time to indulge in blissful wraps, massages, or cleansing body scrubs in the Canyon Ranch SpaClub®. If you don't lose track of time there, you may emerge to find it's time for our famous Afternoon Tea, served with freshly baked scones and mouth-watering sandwiches. You can set your watch by it, and it's beautifully presented as always by white-gloved waiters.

A chance to challenge yourself.

You'll soon work up an appetite at a Yoga, Tai Chi, or Pilates class, with a brisk walk or jog along the Promenade Deck or in the fully-equipped Fitness Centre. If you're in the mood for a little friendly competition there are tournaments throughout the day, from quizzes to quoits, from table tennis to Bridge, and from darts to our own decathlon. Maybe it's time to see if there's a masterpiece waiting inside you at a watercolour class. Cookery demonstrations and wine-tasting classes are on your menu as well.

Our Insights enrichment programme.

Rubbing shoulders with leading lights reaches new heights on a Transatlantic Crossing. You can hear history brought to life, meet a musical idol, or hear the secrets of entrepreneurs. That author you admire might be hosting a question and answer session, your chance to find out who was their inspiration for a certain character. You can also improve your stage presence during the popular acting workshops.

Evenings you'll always remember.

On your first evening aboard, as you edge away from Southampton or New York, you may find yourself on deck as your adventure begins. Ahead lies uninterrupted ocean and either seven or eight nights that can be filled with music, dancing, laughter, and priceless moments that will stay with you for years to come.

A sense of occasion every evening.

There's nothing quite like watching the sun set from the scenic Commodore Club, clinking flutes in the Champagne Bar, or the social hubbub of the Captain's Cocktail reception. What's on the menu tonight? Chateaubriand or sea bass at your reserved restaurant table, reservations at The Verandah restaurant to sample fine dining with a French flavour, or relishing every mouthful of the tasting menu at Lotus, whose delicacies include snow crab soup and duck spring rolls.

Feeling richly entertained.

Tonight, you may have decided to join a star party on deck where a Fellow from the Royal Astronomical Society will guide you through the constellations. You may anticipate the curtain going up at the Royal Court Theatre for another glittering performance. If you love energetic musical numbers, you're in the right place too. Viva Italia! – celebrating the country's music, style, and culture – and the sensational Apassionata are among the offerings.

Equally, stand-up comedy, a magician, or a late-night film might be your ideal evening viewing. The Golden Lion Pub is where you can enjoy an evening of live piano and singing, or where you can try some karaoke. Of course, the Empire Casino always invites you to test your luck against the roulette wheels and blackjack tables.

Music and dancing all the way.

Live music forms the stirring backdrop to your Transatlantic Crossing. There are always string quartets, pianists, and harpists to entertain you around the ship. A jazz trio ups the tempo in the Chart Room this evening, or you can take your seat for a classical recital in Illuminations. Occasionally we host our very own Last Night Of The Proms with the National Symphony Orchestra, every bit as colourful and lively as the real thing. In the Queens Room, the full orchestra fills the floor, whether on Big Band nights or at the dazzling Ascot ball, when you can put today's tango lessons to good use. Of course you can always 'stay out' late at the G32 nightclub, open into the small hours.

Transatlantic Crossings.

Transatlantic Crossings.

For a classic seven night crossing, you'll fly out to New York to join Queen Mary 2 for an eastbound crossing, or travel westbound from Southampton to New York before flying home. You can choose from 46 departures between May 2018 and December 2019.

On selected cruises there will also be calls at Liverpool, Reykjavik, Iceland, Corner Brook, Canada, and Halifax, Canada (these cruises are shown with a + symbol).

Roundtrip Crossings.

For the ultimate experience, why not cross the Atlantic in both directions? Sailing there and back gives you 14-21 unforgettable nights on board, with a day in the middle to discover New York.

North America and Canada cruises, by Cunard.

Explore the rugged coastline along New England and Canada peppered with historic cities, summer resorts, and quaint clapboard towns.

New York is our gateway to the region and for good reason. The “city that never sleeps” does indeed pulse with a unique energy that should be experienced. Central Park, the Empire State Building, Statue of Liberty, and the newer High Line elevated park are well worth a visit. Chelsea Market and Greenwich Village offer you a more relaxed side of Manhattan.

Boston also provides plenty to discover. Having played a key role in American Independence, it is marked by famous monuments and historic buildings throughout the city. It is also strongly linked with Cunard, being one of the ports of call on our first Transatlantic Crossings.

Queen Mary 2 will enjoy the July 4 celebrations in both 2018 and 2019 from here. Elsewhere, the grand mansions of Newport offer you an insight into the lives of some of America’s most influential families.

Summer 2018 introduces you to red-brick Rockland, where you can find two Maine staples, a classic lighthouse and delicious lobster. In 2019, we make a welcome return to Bar Harbor, which puts the dramatic cliffs, glacier-carved lakes, and thick forests of Acadia National Park on the doorstep, along with Cadillac Mountain, the highest point on the eastern seaboard.

Further north, in Canada, Sydney invites

you to experience the wild and beautiful Nova Scotia landscapes, while Halifax intrigues with its star-shaped citadel. Thoroughly French in language and character, Québec is North America’s only walled city, its pavement cafés and antique shops huddle under the gaze of the magnificent Château Frontenac. Sept-Îles is another recent addition combining stunning scenery with a chance to uncover the rich Innu culture. Two calls showcase Newfoundland in 2019. Corner Brook invites you into Gros Morne National Park, a UNESCO World Heritage Site, while St John’s charms visitors with colourful houses along its hilly streets.

Welcome to Alaska.

Join us in exploring glaciers, wildlife, national parks and dramatic scenery on a series of Alaska cruises in May and June 2019.

Standing on deck of Queen Elizabeth, you'll appreciate the vastness of the landscapes in these icy northern reaches, where the sun barely sinks from sight in the summer months. You'll pass enormous turquoise-hued glaciers and sail into the beautiful fjords that ancient glaciers have left behind.

Caribbean cruises, by Cunard.

The Caribbean islands have captivated those arriving by sea for centuries, and their natural beauty and year-round warm climate make them perfect for seeking out some winter sunshine.

Lobster barbecues, rum punch, and the freshest mangos await. And so too do the stunning beaches. Antigua famously offers one beach for every day of the year, while Magens Bay on St Thomas is considered one of the most enticing stretches of powdery sand anywhere in the world.

Heavenly food and beaches are just the beginning in the Caribbean. You can dive into snorkelling trips, with reefs and shipwrecks teeming with colourful fish. Or explore lush jungles,

waterfalls, and fields of sugar cane creating unforgettable landscapes, not least in Dominica, where we'll return in 2019. Your voyage may even take in the region's most iconic emblems, the twin Pitons of St Lucia.

History, legend, and stories of buccaneers hang in the air throughout the Caribbean. You may choose to see the cannons of Brimstone Hill Fortress still on St Kitts standing guard, or discover a watchtower on St Thomas known as Blackbeard's Castle. While in

Barbados, Gun Hill may tempt you with captivating views of the island.

In late 2018, Queen Victoria will visit two islands for the very first time: Fort-de-France, capital of the French island of Martinique; and Kingstown, the main town on the small but perfectly formed island of St Vincent. While for Queen Mary 2, a fabulous festive discovery will round off 2018 and 2019 in style.

Port highlights.

Barbados is an island that has it all. Bridgetown, the capital and your entry point to the island, could take up a whole day's exploration. World Heritage sites, a world-class cricket ground, authentic Barbadian culture, and some remarkable beaches combine to offer something for everyone.

Tortola may be the largest of the British Virgin Islands, but the compact nature of the island makes it perfect to explore in a day. Road Town, the capital, is a colourful town but the real jewels of the island – its beaches – lie away from the town. Jost Van Dyke is a highlight, as is Peter Island. Both offer white powder-soft sands and the clear waters are also perfect for scuba diving.

Sint Maarten is the Dutch part of the island of Saint Martin. Wonderfully tropical, you'll find beaches of white sand lapped by azure water. The island is perfect for diving off, or head into Philipsburg for some exceptional shopping.

Mediterranean fly-cruises, by Cunard.

The Mediterranean is an incredible meeting point of different countries and cultures. Joining Queen Victoria at its shores can offer you more time to experience this diversity.

Your cruise has been carefully created to take in some of the region's most sought-after destinations. You can enjoy the vibrant Iberian Peninsula, the elegant French Riviera, and the sophisticated principality of Monaco. Italian gems include Naples, the eternal appeal of Rome, and Livorno, gateway to Renaissance Pisa and Florence. You may even step ashore on islands of immense beauty like Corsica, Sardinia, Mallorca, and Malta.

Your discovery of clear Adriatic waters might lead you to the dreamy beauty of Kotor in Montenegro or medieval Croatian gems. The most famous of these is undoubtedly Dubrovnik, where orange rooftops huddle photogenically within mighty sea walls.

During 2018 Queen Victoria can anticipate a first-ever visit to Portoroz in Slovenia; a modern resort that occupies the same peninsula as Piran, a beautiful medieval harbour of narrow alleys and terracotta rooftops jutting out into the Adriatic. Should you prefer natural wonders, the famous Postojna cave system is just a short drive inland. Another gem of a maiden call on your chart is Rijeka, Croatia's third largest city. Its sightseeing treasures include a fourth-century Roman arch, the splendid rotunda of St Vitus Cathedral, and the medieval fortified town of Trsat that occupies the city's highest ground.

At each end of your seven- to 16-night Mediterranean adventure stands a

legendary city – Barcelona, Venice or Rome. Should you wish to extend your stay for a few nights so that you can explore in more detail, either before or after your voyage, we'll be happy to make the arrangements.

Whichever sights are on your Mediterranean wish list, our shore excursions, land tours, and hotel arrangements are an inspiring and convenient way to see them. You can start planning today at cunard.com, and even reserve shore excursions through our Voyage Personaliser.

Dubrovnik

Port highlights.

Dubrovnik's towering walls hem in its Old Town and make the city instantly recognisable, particularly as you approach by sea. The walls can be explored by foot – offering a unique view of this historic city.

Barcelona's most famous sight is the soaring spires of the Sagrada Família – Gaudí's unfinished masterpiece. Indeed, Gaudí's influence can be seen throughout the city in various buildings and parks. A stone's throw from the city, Barcelona also boasts one of the best beaches in the world.

Naples is set in a beautiful natural bay in the shadow of Mount Vesuvius. You could venture to Pompeii and Herculaneum, forever frozen in time by its eruption, or explore the castles and duomo in the city.

Mouse Island, Corfu

Port highlights.

Corfu is an emerald isle of wildflowers, herbs, cypress trees, and olive groves. You may visit its Achilleion Palace, whose grounds are filled with statues, Mouse Island, or Mon Repos Palace, where Prince Phillip was born.

Kotor is quintessentially Mediterranean. The narrow streets of the Old Town are lined with beautiful whitewashed houses, topped with orange roofs. The highlight of the town is its outlook though, sitting as it does on the Gulf of Kotor – a stunning fjord-like waterway.

Florence and Pisa both offer classical beauty. The Leaning Tower is the main draw of Pisa, whilst Florence offers Renaissance beauty at its best, with a multitude of monuments, churches, and buildings.

DAY 1: Arrival

Upon arrival into Venice airport, you will be met by our representative for your transfer to the four-star Bonvecchiati Hotel[†], located just a five-minute walk from St Mark's Square and the Rialto Bridge. You will then have the rest of the day at leisure to make the most of your time in Venice.

DAY 2: Highlights of Venice

In the morning you'll be met by a knowledgeable local guide, who will lead you on a walking tour of Venice and outline some of the extraordinary history

of this beautiful city. See the exterior of the Fenice Theatre, one of the most famous Opera Houses in Europe, before walking through the narrow Venetian streets up to the Grand Canal for a memorable view of the famous Rialto Bridge – the largest of the four bridges spanning the Grand Canal. From here you will head into the heart of Venice to the iconic St Mark's Square to visit St Mark's Basilica. Your guide will explain its history before you head inside for a visit – we have taken the liberty of including 'skip the line' entrance to the Basilica. You'll then walk to the famous Doges' Palace, also known as the Palazzo Ducale. Entry is not included but your guide will detail some of the history of this beautiful palace, the seat of the government of Venice for centuries, as well as being the home of Doge (the elected ruler of Venice). From here you will walk to a local trattoria for a typical Italian light lunch before returning to St Mark's Square.

Board a private motor launch and head out to Murano Island, famous for its stunning glass work. You'll watch a demonstration on how the glass is made and have time to visit the factory and browse the numerous glass shops for a unique souvenir or, if you prefer, use the time to explore the island. Then rejoin your motor launch for the journey back to Venice along the scenic Grand Canal for glimpses of Venetian life. You'll disembark at St Mark's Square for the short stroll back to your hotel. The evening is yours to enjoy at your own leisure.

DAY 3: Embarkation

You will be met at the hotel by our local representative for your transfer to the port in time for embarkation.

The itinerary shown refers to the pre-cruise tour; the order of the sightseeing tour for the post-cruise tour may vary. [†]Please note: check in opens at 2pm. Although the hotel will make every effort to ensure rooms are ready before this time, should this not be the case, luggage storage is available.

Mediterranean cruises from Southampton, by Cunard.

Discovering the Mediterranean without flying means your holiday relaxation starts closer to home, yet you can still explore far and wide across this vast sea.

In Barcelona, the famous Las Ramblas boulevard awaits, so too do Gaudí's beautiful creations with their undulating roofs and colourful mosaics. Valencia's emblems include the gothic La Lonja de le Seda – the former silk exchange that's now a UNESCO World Heritage Site – and the modern City of Arts and Sciences. Cadiz, inhabited for over 3,000 years, is a beguiling warren of streets and alleys, almost entirely surrounded by Atlantic waters. It's also a springboard into Andalucía's whitewashed villages and Seville, famed for its equestrian displays, sherry, and vast cathedral. And there's Gibraltar too, known for the Rock and mischievous Barbary apes.

Over in Italy, you can discover the Renaissance riches of Pisa and its famous bell tower, or treasure-laden Florence. In Rome, the Colosseum,

Trevi Fountain, and Vatican City are star attractions on an almost endless sightseeing list. The dreamy Amalfi coast, where charming towns cling to the cliffs, is yours to explore from Sorrento, where Queen Elizabeth calls for the first time in 2018.

Also in 2018, you can step into four ports that are entirely new to Cunard. The picturesque harbour of Propriano in south-western Corsica combines exotic yachts, delightful shops, and characterful cafés and bars. Giardini Naxos on the north-east Sicily makes it easy to reach the beautiful cliff top town of Taormina, with its Greco-Roman amphitheatre close to Mount Etna. Menorca's capital, Mahon, is a delightfully low-key jumble of shaded squares with an elegant promenade overlooking the marina.

Across the Adriatic, the Croatian island of Hvar, beckons you to discover its crystal-clear waters, the orange roofs of its main town and verdant interior, and Queen Elizabeth will also make her debut in beautiful medieval Sibenik, also on Croatia's Adriatic shore.

You could even reach Turkey, where ancient Kusadasi has stood at the heart of art and culture for over 5,000 years. The Roman ruins at nearby Ephesus attest to the area's place in history; the façade of the Library of Celsus being a particular highlight. Step back in time almost 3,000 years, where ancient glory awaits at Olympia; the birthplace of the Olympic games. The marble starting blocks where 20,000 spectators once stood to watch the Olympians are still visible.

Northern Europe cruises, by Cunard.

Discover the lands of Tsars and Vikings, fjords and geysers – and even our own fair isles – on an intriguingly diverse selection of cruises around the continent’s northern shores.

Scandinavia is a summer favourite, especially Stockholm, which covers 14 islands and its old town palaces and royal pageantry offer hours of delight. Queen Elizabeth’s 2018 maiden call to another Swedish port, Visby, reveals northern Europe’s best-preserved fortified medieval commercial city. Parts of Copenhagen have changed little since the time of Hans Christian Anderson and a statue of his Little Mermaid awaits, along with numerous galleries and museums.

A highlight for many in Northern Europe is Russia’s cultural capital, St Petersburg, where we always stay overnight. A vision

of tsarist palaces and cathedral domes, the city is also home to the world-renowned Hermitage Museum housed within the Winter Palace. Should you wish, our shore excursions can grant you exclusive access after hours. En route you may admire the Estonian capital Tallinn known for its beautifully preserved Old Town and imposing castle-like district in the centre called Toompea. Further maiden visits in 2018 to both other Baltic States – Latvia’s art nouveau capital, Riga, and Klaipeda in Lithuania, close to the Curonian Spit – are well worth a visit.

We continue to explore Norway’s long and stunning coastline too. In 2018, our ships make four maiden calls around the majestic fjords. In the southwest, Kristiansund spans four islands joined by bridges, where the art nouveau Opera House and Kvalvik Fort are well worth exploring. Slightly further north, you can explore Haugesund Viking heritage, while inside the Arctic Circle stand two more cities, Bodo and Narvik, the beauty of their surroundings lit by the Midnight Sun. In 2019, Queen Elizabeth makes a first call in the Lofoten Islands, a stunning archipelago just offshore, crowned by

Nyhavn, Copenhagen

Port highlights.

Reykjavik, Iceland's capital means 'smoky bay,' a nod to the steam that rises from its geothermic natural attractions. The Blue Lagoon is one of the most famous, where you can bask in the warm sulphurous waters. The hissing Strokkur geyser and thundering Gullfoss Waterfall are also worth visiting.

Torshavn whose name literally 'Thor's harbour' suggests its Viking heritage. It has plenty of character, especially the colourfully painted wooden houses of the old town with turfed roofs, and their modern counterpart – the Norse House constructed from gleaming glass with a grassy top.

Bergen is one of Norway's most important ports and gateway to the fjords. The city is home to Bryggen, the historic wharf area and UNESCO World Heritage site. The seven mountains that surround Bergen are certainly worth exploring – the Fløibanen funicular and Ulriksbanen cable car are both excellent ways to enjoy spectacular panoramas of the surrounding countryside and water.

Nyhavn, Copenhagen

Port highlights.

Copenhagen may be known for its Little Mermaid statue, but there is more to discover – pristine beaches, galleries and 15 Michelin starred restaurants to name a few. Being remarkably compact, the city is easy to explore on foot or, as most residents do, on a bike.

Dublin has a lively reputation, thanks to the welcoming Temple Bar area and Guinness, still brewed in the city. Ireland's famous craic is wonderfully abundant here. Other highlights include Trinity College – home to Ireland's oldest harp and the model for the country's emblem.

Lerwick is the capital of Britain's most northerly islands, which began life as a port to trade with Dutch herring fishermen in the seventeenth century. Yet life on Shetland Mainland stretches back thousands of years and the archaeological site of Jarlshof includes remains from Bronze Age houses to Norse longhouses to medieval farmsteads.

Portree, Isle of Skye

British Isles cruises, by Cunard.

A leisurely circuit around home waters reveals friendly cities and incredibly beautiful scenery, combining a warm feeling of familiarity with an exciting sense of discovery.

Glasgow appears on all our British Isles cruises, and its architectural riches include the Kelvingrove Art Gallery and Museum, Charles Rennie Mackintosh's masterpiece – the Glasgow School of Art – and Glasgow Green with its grand Victoria glasshouse. Edinburgh revels in its Georgian splendour and its historic Royal Mile, overlooked by the iconic castle. Invergordon invites you into the Scottish Highlands, where centuries-old battlefields, whisky distilleries and mysterious Loch Ness await. You might set eyes on Loch Lomond during Queen Victoria's first visit to Oban in 2019 – or Inveraray Castle with its green stone and conical turrets.

Most cruises also visit one or more beautiful Scottish isles. In 2018,

Queen Victoria makes her debut in Portree on the 'Misty Isle' of Skye, whose waterfront is striped with brightly painted houses. She also visits Kirkwall in the Orkney Islands during the summer of 2018 and 2019 to uncover its intriguing Norse heritage.

Our ships venture across the Irish Sea too. Admire Belfast's Grand Opera House, the majestic Queen's University, the state-of-the-art Titanic Belfast experience and, further afield, the Giant's Causeway. In Dublin, visitors often seek out the Guinness Brewery, while Cork's wonderful English Market is also worth a browse – although Blarney Castle may tempt you away from the city. Donegal, from Killybegs, is a first-time call for Queen Elizabeth and Queen Victoria

in 2018. It's set within Ireland's most spectacular coastline, where the sea cliffs of Sliabh Liag, stunning headlands and pristine beaches make up the Wild Atlantic Way.

Liverpool is famed as the birthplace of The Beatles – and it remains our spiritual home too. The Cunard Building stands proud as one of the 'Three Graces,' part of the waterfront that forms a UNESCO World Heritage Site. Queen Victoria's arrival in Newcastle is a fleet first in 2019. You may head for the iconic Tyne Bridge or even Segedunum, the excavated Roman fort that once guarded one end of Hadrian's Wall.

Monte Palace Tropical Gardens, Madeira

Iberia, Atlantic Coast, and Canary Island cruises, by Cunard.

Scattered close to Africa's north-western shoulder, the Spanish and Portuguese Atlantic Isles invite you to discover their astonishing scenery and pleasant climate.

Most itineraries, including the 2018 festive cruises of both Queen Victoria and Queen Elizabeth's, arrive in diverse Tenerife where there are numerous opportunities to explore. If you're feeling active, you can head to the volcanic peak of Mount Teide, an icon of the Canary Islands. Wandering through the National Park's moon-like rock formations makes for a wonderful day ashore. Elsewhere, the verdant laurel forests and lush valleys offer wonderful natural contrasts. Lanzarote, is known for its lunar-like landscapes; Gran Canaria for its golden dunes at Maspalomas. During 2018, Queen Victoria and Queen Elizabeth both also make their debut in Puerto del Rosario -

Fuerteventura's charming capital dotted with impressive statues.

The garden isle of Madeira blooms bright with exotic flowers and fruits offering you a warm welcome, while its wicker toboggans that run through the steep streets make for a memorable experience.

On the European mainland Lisbon's yellow trams and orange rooftops contrast beautifully against the rich blue ocean. The city has a strong connection with the sea, so arriving by ship is the best way to visit. Cadiz, with its Moorish influences, delights and Seville is easy to reach from here. Vigo and La Coruña in northern Spain entice you towards Santiago de Compostela.

For your convenience, our shorter cruises focus on the Iberian Peninsula. Queen Victoria and Queen Elizabeth each set off on a cruise to France and Spain featuring La Rochelle, Gijon, and Bilbao, home to the stunning Guggenheim museum. While Oporto delights with its tiled façades on grand buildings.

To make things even easier our ready-made shore excursions will always illuminate any call along your route, so nothing is missed, unless you choose to miss it – understandable with the attractions on board. Your tours can be booked in advance using your online Voyage Personaliser.

Amsterdam

Short cruises, by Cunard.

A short escape of two to five nights on a Cunard ship offers a wonderful way to indulge in a well earned break with a dash of exploring.

Consider criss-crossing the charming canals of Amsterdam or let Zeebrugge be your gateway to the grand boulevards of Brussels and its charming Grand Place. Bruges is one of Europe's most beautiful old cities, and serves up delicious local beer and chocolates – not to mention a wonderful Christmas market. For a French getaway, you may visit Cherbourg with its deliciously French culture and Normandy cuisine. This historic town is linked strongly with the sea, and provides a perfect day

for wandering. It also is within reach of fairy-tale Mont-St-Michel, while Le Havre is your invitation to beguiling Paris.

Your choice of short roundtrip cruises from Southampton includes visits to Guernsey, France, the Netherlands, Belgium, and Germany.

Most two-night departures are between Southampton and Hamburg. Should you choose this elegant and cosmopolitan city, the Rathaus town

hall and domed Kunsthalle deserve a visit. So does St Michael's Church with its distinctive brick and iron tower. Music lovers may wish to stop by the Indra Club where the Fab Four first played together as The Beatles in 1960.

To enrich your time, shore excursions are available in each of these ports. It's easy to plan ahead at cunard.com, and you can even book shore excursions through our Voyage Personaliser.

Oceans of Discovery 2019.

Most of the greatest places on Earth were discovered by crossing the oceans, which is why cruising remains one of the most evocative ways to travel today. As the pioneer of luxury seafaring, Cunard invites you to discover a wealth of fascinating shores in three distinct types of voyage:

The World Voyage.

The ultimate seabound adventure:
our signature full circumnavigation of the globe.

Grand Voyages.

Explore legendary sailing routes to historic and exotic destinations; with more days at sea you are afforded the greater luxury of time to discover the peace and possibilities.

Regions of the World.

These voyages encompass such vast areas of natural beauty and human wonder it can be challenging to know where to start. That is why Cunard is proud to present some of the highlights across Asia, East Asia, and Australasia.

However you choose to discover these oceans and destinations, Cunard will convey you in unrivalled style.

Your choice of discovery.

As the pioneer of luxury sea travel, Cunard is delighted to offer a choice of two new sailing collections for 2019: in addition to The World Voyage there are Grand Voyages retracing classic routes and cruises touring Asia, East Asia and Australasia – all to remarkable destinations. Join us for part of these journeys or combine them to extend your adventure.

Queen Victoria.

In 2019, Queen Victoria invites you to embark on one of life's greatest travel adventures: The World Voyage. A complete circumnavigation of the globe following the classic Western route via the Panama Canal. Cunard pioneered the world cruise in 1922-23 with the elegant Laconia, and since then has undertaken more world voyages than any other passenger line, refining the experience ever since. Queen Victoria's itinerary for 2019 is one of our finest yet.

Her epic voyage will begin by crossing the Atlantic to Florida via Bermuda, followed by time in the Caribbean, and transiting through the Panama Canal. She will then cross the Pacific via Hawaii and Samoa to New Zealand. From there she will take in Sydney, Australia's Gold Coast, and the Great Barrier Reef before travelling to Hong Kong via Darwin and Vietnam. Following her tour of Asia, Queen Victoria will finally return home to Southampton via Singapore, the Indian Ocean, and South Africa.

In summary, Queen Victoria has voyages from 11 to 107 nights, visiting 26 UNESCO World Heritage Sites from 40 ports, in 24 countries. She will make one maiden call to Malacca in Malaysia and stay overnight in San Francisco, Sydney, Hong Kong, and Cape Town.

Guests taking this full World Voyage will enjoy:

- ◆ Welcome on board reception.
- ◆ World Voyage cocktail parties.
- ◆ Services of a World Voyage Concierge and use of a private lounge.
- ◆ Unique commemorative gifts.
- ◆ Shoreside Gala Dinner.
- ◆ Inclusive Hotel and Dining charges.

Queen Mary 2.

In 2019, Queen Mary 2 embarks on the lion's share of tours across the Regions of Asia and East Asia to discover a mix of famous highlights and lesser-known gems – with, of course, time to relax and indulge at sea.

Her voyages range in length from one week to 94 nights in total. These can be combined in various ways to allow you to create your ideal travel experience, to and from the city of your choice.

Her journey begins with a voyage to the Arabian Gulf via the Mediterranean Sea and the Suez Canal. From there, she will cross the Indian Ocean and enter Asia via the well-travelled Malacca Strait. Next, she will travel north via Malaysia and Hong Kong toward China, stretching as far as Beijing before turning homeward. The return journey to Southampton will call at ports in Korea, Vietnam, and India as well as a selection of destinations in the Indian Ocean and Mediterranean.

In summary, Queen Mary 2 will visit 42 UNESCO World Heritage Sites from 36 ports, in 25 countries. She will make four maiden calls and stay overnight in Haifa, Singapore, Hong Kong, Shanghai, and Beijing.

The World Voyage, by Cunard.

QUEEN VICTORIA

10 January to 28 April 2019

A full World Voyage remains one of life's greatest travel experiences and how better to enjoy it than from the decks of Queen Victoria. Following on from her recent refit, Queen Victoria remains one of the finest ships at sea, and this unique pairing offers you an unparalleled adventure of pure discovery in effortless style.

Cunard pioneered luxury world cruising in 1922 and we've been refining it ever since. To this day, no other journey can compare and 2019's circumnavigation will be one of the best yet. Having undertaken more world voyages and taken more passengers around the globe than any other cruise line, that's saying something.

Spending most of the British winter under warmer skies, you'll venture from country to country, from continent to continent. You'll notice gradual shifts in language, customs, and cuisine as you arrive in great cities, sleepy atolls, remote villages, and distant lands far removed from the usual tourist trails – all from the spacious comfort of your ship.

Your epic voyage aboard Queen Victoria traces one of the most famous round-the-world routes: the classic Western Circumnavigation via the Panama Canal. Setting off from Southampton at the start of the year has become one of our traditions.

As the chilly English coastline falls away, you will first sail transatlantic bound for the sun-drenched beaches of Florida, encountering Bermuda along the way. The sunshine then continues with a blissful cruise around the Caribbean followed by an exciting transit of the Panama Canal.

Queen Victoria will then head north to San Francisco for an overnight stay before crossing the vast expanse of the Pacific Ocean to the innumerable attractions of New Zealand, pausing to appreciate the breathtaking scenery of Hawaii and lush delights of Samoa and Tonga.

From there she will sail to the mighty Australian continent: taking in Sydney, Queensland's Gold Coast, and the Great Barrier Reef, and the balmy city of Darwin on the remote northern shores. Next, the beauty and energy of Asia calls, including the bustling harbour of Hong Kong, thrilling destinations in Vietnam, and multi-cultural Singapore.

In 2019, Queen Victoria will make a maiden visit to Malacca in the Malay Peninsula. Founded in the 1400s by a fleeing prince, the city has variously changed hands between the Portuguese, Dutch, and British. This variety of influence remains imprinted here making it an intriguing place to visit.

After Asia, she sails to vibrant destinations in the Indian Ocean, safaris in South Africa, and then Cape Town – one of the most beautiful capitals in the world – before returning to Southampton via Namibia and Gran Canaria.

Your voyage has been carefully considered to ensure a truly unforgettable blend of iconic, world-class cities and smaller, less well-known but equally delightful destinations. The itineraries have been designed to offer enriching days in port as well as plenty of time on board for you to relax and enjoy all that Queen Victoria offers.

The days between your discoveries ashore are just as rewarding, thanks to the myriad of possibilities on board. The ship is curated to serve your mood and interests: you can as easily socialise at glamorous events as escape to the sanctuary of quiet spaces; meet like-minded fellow enthusiasts of your favourite hobby, or find solace to follow your pursuits.

The choice, as always with Cunard, is yours.

- ♦ Visit Walvis Bay, the 'Diamond of Africa' and home to the iconic dunes of the Namib Desert.
- ♦ Explore Cape Town on a city tour and visit The Castle of Good Hope, the oldest building in South Africa.

Before the shoreline of Southampton slips away, your voyage begins with a majestic sense of space and freedom aboard Queen Elizabeth.

After a day's relaxation or exploration at sea, you arrive at the old Spanish fishing port of Vigo. Shaded squares and cobbled streets make for a delightful amble, with Celtic influences as early as 600 BC.

Moving onto Madeira, you may consider its reputation as the 'Garden Island' well-founded; swathed in lush greenery bearing all manner of tropical fruits. Ascending by cable car to Monte, you can then take a wicker toboggan down, steered expertly by gondoliers dressed in traditional whites.

Eight glorious days give you time to discover the myriad of delights and diversions on board, and to meet or retreat from fellow voyagers as you please.

Then Walvis Bay, the 'Diamond of Africa'. Home to the ancient Namib Desert with its iconic sand dunes, and diversity of people, cultures, and traditions. Between the dunes and the ocean, the lagoon of Walvis Bay is home to prolific birdlife.

And finally, Cape Town - one of the most beautiful cities in the world, surrounded by magnificent beaches, rugged mountains, and luscious vineyards.

Southampton to Melbourne.

Shamwari Nature Reserve, Port Elizabeth

Embark on a voyage that leaves as much time to explore the delights on board, as it does the fascinating itinerary ashore.

Retracing the classic ocean liner route, Queen Elizabeth pauses first in the Spanish port of Vigo allowing you to wander its charming streets or visit Santiago de Compostela.

Moving on, the rugged 'Garden Island' of Madeira is swathed in greenery and criss-crossed by small irrigation channels, or levadas. Explore the mountains or ascend by cable car to Monte then take a wicker toboggan down.

Next Namibia, where stark beauty meets contrasting landscapes and the oldest desert. Between the dunes and the ocean, the lagoon of Walvis Bay attracts prolific birdlife, notably flocks of pink flamingos.

Then Cape Town calls, with the magnificent Table Mountain. Further out lies the university town of Stellenbosch, acclaimed for its luscious wine. Vibrant Port Elizabeth then offers rich architectural heritage, blissful beaches, and the chance to see big game.

After Le Port in the Réunion Islands the sun-drenched beauty of Mauritius beckons with old-fashioned markets, dazzling beaches, and kaleidoscopic fish.

Finally, Australia awaits, with the dramatic limestone caves and artisan culture of Perth, South Australia's cosmopolitan capital Adelaide, and Melbourne – Australia's leafy and temperate hub of culture.

Asia, by Cunard.

The allure of Hong Kong captivates through its contrasts: bustling street markets next to glossy stores; illuminated skyscrapers peopled with ancient beliefs and customs. Consider arriving a little earlier to savour the food.

The culinary centre of Vietnam then calls – Nha Trang which retains its small-town atmosphere with a local population known for their friendliness. The port of Phu My is gateway to Ho Chi Minh City, which is still fondly known as Saigon. It's thrilling and chaotic, and bears traces of French colonial influence.

Singapore's amazing tale tells of a once sleepy fishing village that defied the odds to transform itself into a first-world metropolis. Kuala Lumpur fuses Malay, Chinese, and Indian cultures jumbling Moorish architecture with stately parks. Bustling Penang beckons before a call to the relaxing Malaysian resort of Langkawi, where a beautiful series of lagoons linked by cascading waterfalls awaits. India's Chennai offers wonderful temples and carvings while Cochin (also known as Kochi) on the Malabar coast dates to Roman times.

East Asia, by Cunard.

Far East voyages offer you an exotic mix of thrilling cities and peaceful incense-filled temples, of lush jungle and white sand beaches. Join Queen Mary 2 as she sails famous Spice Trade routes to showcase the rich variety of the region: indigenous people who have lived off the land and sea for millennia, the remnants of European influences, and abundant natural beauty.

Your adventure begins amidst the gold domes and modern landmarks of Singapore. Kota Kinabalu is then your gateway to Malaysian Borneo. Practice your blowpipe skills in a cultural village, or admire the majestic mangrove swamps. An overnight stay in dynamic Hong Kong then offers a compelling blend of new and old with amazing food. Shanghai's attractions are legendary; an overnight stay offers exquisite temples and superb museums with time for a stroll along the elegant 19th-century Bund. Just 75 miles from Tianjin

lies Beijing, a capital city that blends modern architecture and ancient sights. Seoul's 5,000-year-old culture mixes with startling modernity against a scenic backdrop of South Korea's national park. The lively beach resort of Nha Trang overlooks a turquoise bay dotted with tropical islands, while Ho Chi Minh City (still called Saigon) remains an intriguing fusion of influences.

Australasia, by Cunard.

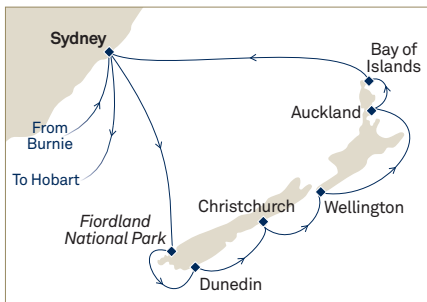

Awe-inspiring landscapes with wonderful wildlife are as much a feature of Australasia as its laid-back, friendly cities. Sense the scale of the Australian continent as you sail into iconic, vibrant cities. Then experience the majestic beauty of New Zealand with its towering mountains and verdant valleys, washed by tumbling waterfalls – interspersed with blissful time aboard Queen Elizabeth.

Queen Elizabeth is just the first of many stunning sights you will see on this adventure, filled with unforgettable architecture and landscapes. Mark Twain rated Sydney a “wonder of the world”, bordering the world’s largest natural harbour and reaching towards the Blue Mountains. Few natural wonders compare with the almost mythic beauty of New Zealand’s

Fiordland National Park. While South Island’s second-largest city, Dunedin, has Scottish and Maori heritage and the world famous Taieri Gorge Train. Set on a sheltered harbour, Akaroa is a wonderful place for seeing dolphins, relaxing in a welcoming bar, or touring Christchurch. Perched in the hills of a sparkling bay, Wellington has

a charming setting with Edwardian architecture. Then competing for looks, encircled by extinct volcanoes, and cloaked in wild mountainous scenery, lies Auckland – ‘City of Sails’. The Bay of Islands is where modern New Zealand was born with the signing of the Treaty of Waitangi in 1840.

Fare information.

Cunard Fares.

The Cunard Fares shown in this brochure are available for sale from 14 September 2017. Cunard Fares shown are per person based on two adults sharing the lowest grade of double occupancy stateroom or one adult in the lowest grade of single stateroom category and are subject to availability.

There is a wide range of accommodation available and you will be able to find the fare for the stateroom grade you would like by going online or by calling us or your travel agent.

We reserve the right to vary particulars and fares shown in this brochure after the date of publication. Fares may rise as availability becomes restricted as cruises get closer to departure.

Our Cunard Fares benefit from the following advantages:

- ◆ Available on all cruises regardless of when you book.
- ◆ Choice of stateroom number (subject to availability).
- ◆ First priority for receiving your chosen dining seating time (in the Britannia Restaurant) and table size.
- ◆ Highest priority for receiving stateroom upgrades (where applicable).
- ◆ Complimentary shuttle buses in port to get from the ship to the nearest town or transport hub (where applicable and provided by Cunard).
- ◆ 15% deposit.
- ◆ Flexibility to change your booking (subject to our booking conditions).
- ◆ Plus a choice of benefits as follows:

On board spending money

Available on cruises of seven nights or more. On board spending money varies by cruise duration and is based on the number of nights spent on board. The amount stated is per person and applies to the first two guests sharing a stateroom or one adult in a single stateroom. On board spending money can be used for the purchase of drinks, shore excursions (purchased on board only), spa treatments, or in the on board shops. It is not transferable, cannot be redeemed for

cash, used for medical charges, on board gaming (including casino), to make charity donations, to pay for international visas, or a future cruise. Overnight flights do not qualify for on board spending money.

Car parking at Southampton

Car parking in a secure car park (one space per booking) is available on all Southampton roundtrip cruises of seven nights or more (with the exception of 2019 Oceans of Discovery Cruises). Please let us know at the time of booking if you wish to use this service and then contact Cruise & Passenger Services Ltd (the operator) direct on 0345 071 3939 or via cruiseparking.co.uk to arrange your car parking, at least 35 days in advance of your departure.

Return coach transfers

Return coach transfers are available on all Southampton roundtrip cruises of seven nights or more (with the exception of 2019 Oceans of Discovery Cruises). Coach transfers are available to all guests on the booking. Please let us know at the time of booking if you wish to use this service and then contact Intercruises on 0843 374 2246 no later than 30 days prior to departure. For more information see page 156.

Included in your fare:

Fares are per person in £ sterling, based upon double occupancy (unless otherwise stated) or single occupancy in single staterooms and are subject to availability. As these are 'fares from' they may rise during the life of this brochure.

Fares include:

- ◆ Accommodation, all on board meals,* and entertainment.
- ◆ International flights where indicated. See 'International Flight Arrangements' on pages 180-181.
- ◆ Drinks: tea, coffee, water, and fruit juice are available 24 hours a day in the self-service restaurants (the Lido on Queen Elizabeth and Queen Victoria and Kings Court on Queen Mary 2).

- ◆ Hotel and dining charges will be charged to your on board account as detailed on page 199 (except Full World Voyage 2019 guests sailing for 107 nights on Queen Victoria).

- ◆ Day and evening entertainment in the casino.

- ◆ A 15% deposit is required at the time of booking.
- ◆ Your preference of dining time in the Britannia Restaurant will be confirmed on boarding, subject to availability.
- ◆ Cunard will assign your stateroom location and number.

Third and fourth guests.

Some staterooms have accommodation for a third or fourth person. Please visit cunard.com, call 03453 550 300[^] or contact your travel agent for fares. You can refer to deck plans shown on pages:

Queen Mary 2	166-168
Queen Victoria*	169-171
Queen Elizabeth	172-174

*Although certain Queens and Princess Suites can accommodate a third/fourth berth, these are capacity controlled by the numbers of covers available in the restaurants. Please call for availability.

Children.

- ◆ Cunard cannot accept any child under the age of 6 months as a guest. We are unable to accept infants of 12 months or less on any Full World Voyage, Exotic Cruises or Transatlantic Crossings.
- ◆ Children pay the applicable adult per person fare when travelling as a first or second guest.
- ◆ Infants aged between 6 months and 2 years accommodated as a third or fourth guest in a stateroom travel free on board. A nominal fee may be charged for infants between the ages of 6 months and 2 years travelling where transfers, hotel stays, and air travel are involved, which we will discuss with you at the time of booking.
- ◆ Guests aged 2 to 17 years of age travelling as a third or fourth guest in a stateroom pay the full fare less the relevant third or fourth person discount.
- ◆ Please note that children under the age of 16 are not permitted to travel in a stateroom without an accompanying guest who is aged 16 or over.

Single guests.

Single staterooms are available on board all ships. Alternatively, single guests wishing to travel in a double stateroom can pay the relevant 'sole occupancy' supplement as follows:

Queen Mary 2

- ◆ Grades Q1-Q7, P1-P2 – 200% of the per person fare.
- ◆ Grades A1, A2, BB, BC, BF, BU, BV, BY, BZ, DB, DC, DF, EF, HB, IA, IB, IC, IE, IF – 175% of the per person fare.

Queen Victoria

- ◆ Grades Q1-Q6, P1-P2 – 200% of the per person fare.
- ◆ Grades A1, A2, BA, BB, BC, BD, BE, BF, CA, CB, EB, EC, EF, FB, FC, GA, GB, GC, IA, ID, IE, IF – 175% of the per person fare.

Queen Elizabeth

- ◆ Grades Q1-Q6, P1-P2 – 200% of the per person fare.
- ◆ Grades A1, A2, BA, BB, BC, BD, BE, BF, CA, CB, EB, EC, EF, FB, FC, GA, GB, GC, IA, ID, IE, IF – 175% of the per person fare.

Please note that the percentage of the sole occupancy supplement may be increased without prior notification.

Cruise Only fares.

Guests who wish to book their flight and land arrangements independently should contact our Customer Contact Centre on 03453 550 300[^] to request a Cruise Only allowance.

If you take our Cruise Only option, any flights you take will not form part of the package provided by us and will not be covered by our ATOL protection. You will also need to ensure that you leave sufficient time in your itinerary to reach the cruise terminal by the check-in time stated on your e-ticket.

Package upgrades.

Hotel stays include transfers. Package options are subject to availability and flight dates and fares may change from those shown. Please see the notes on pages 180-181 which apply to all flights. Depending on flight schedules, Cunard will arrange either a transfer to/from the airport, use of facilities at a first class hotel, or a local sightseeing tour as appropriate. The embarkation/disembarkation arrangements will be operated should flight schedules require them. These arrangements are at Cunard's discretion and may be subject to change.

Stateroom changes.

Occasionally it may be necessary for us to change the stateroom that you have booked. Should this situation occur, you can rest assured we will move you to the same or a higher stateroom grade at no extra charge.

If you have chosen your booked stateroom for a particular reason – for example a wish to be in a specific position on the ship – and would not want to be considered for a stateroom move, please let us know at the time of booking.

Please note that any stateroom move requested will be made at the discretion of Cunard. If there is no availability on the grade of stateroom you wish to book, we can add you to our wait list and we will contact you if your requested stateroom becomes available.

Guarantee staterooms.

When you or your travel agent make a reservation you may be offered the guarantee of the stateroom grade, rather than a specific stateroom number. This is because we know from experience that a small number of guests will be compelled to cancel their arrangements, thus leaving the accommodation vacant.

Accepting a guarantee means that you have a firm booking and can go ahead with your holiday plans in the same way as if you had accepted a specific stateroom number from the outset.

When we allocate a stateroom number you can rest assured you will be given a stateroom of the type you have booked, or in some instances, of a higher rate, though it may be situated on a different deck to that shown on the deck plan for the grade guaranteed. The fare you have been quoted will, however, remain unchanged.

Bar and wine services.

A 15% service charge is automatically added to your on board account, which is shared amongst the beverage team. Naturally, you are free to reward any member of the crew over and above these amounts, at your discretion.

Spa and salon services.

For your convenience a 12.5% service charge will be added to your account. However, should you wish to remove, reduce or increase the amount, please make this request during check out.

Travel information.

Your travel agent will be able to tell you if there is any current advice for the countries you are visiting. Alternatively you can visit the Foreign and Commonwealth Office website at www.gov.uk/foreign-travel-advice.

The information in this section is for holders of British Citizen passports only and is correct at the time of going to print.

Anyone who does not hold a British Citizen passport should check with the Embassies of the countries you are travelling to for the most up to date information.

Passports.

If you are a British Citizen, a full passport is required for all cruises. All British Passports must be valid for travel and have at least six months validity after you return home at the end of your holiday. It is recommended that you have some blank pages in your passport for entry and exit stamps. All British Citizens require a full 10 year British Passport for all cruises. Children need their own passports. It is important that names and initials on the passport exactly match those on your tickets.

Please note that British Visitor Passports are no longer valid. British Subject passport holder requirements may differ so please check them before travelling.

If you are applying for a new passport, please leave adequate time to action your application. Please be aware that if you are applying for your first British Citizen passport, you may be required to attend interviews prior to the passport being issued. For this reason, we would advise all guests in this situation to allow a minimum of six weeks to obtain their passports. For further information, please contact the Identity and Passport Service Advice Line on 0300 2220 000, visit the website at direct.gov.uk or email: info@passports.gov.uk.

If you DO NOT HOLD A BRITISH CITIZEN PASSPORT, your passport, travel documentation and visa requirements may be different. You should check with your travel agent or our preferred visa supplier, CIBT (0845 899 7256), to ensure you have the correct documentation.

Visas.

The visa advice included in this brochure is applicable to cruises featured in this brochure only and for British Citizen passport holders only. If you do not hold a British Citizen passport your situation may be different and you should seek advice from your travel agent or the relevant Embassy/Consulate. Your passport must contain adequate blank pages for any visas and subsequent stamps. We suggest that you bring a few photocopies of the photograph/personal details page of your passport with you. This may be necessary for some ports of call.

United States of America (and territories) Entry Requirements

To check your eligibility for this program please visit <http://esta.cbp.dhs.gov/esta/> for all applications and further information.

If you do not hold a full British Citizen passport or a passport from another country eligible for the VWP, please check to ensure you have the correct documentation for your holiday.

Travel health information.

Zika virus

From 2016, travel health notices were issued by public health authorities for people travelling to areas where Zika virus is known to occur. Zika virus is primarily transmitted by mosquitoes, although sexual transmission can also occur, and symptoms include fever, headache, red eyes, rash, and joint pains. The illness is usually mild, lasts between 2-7 days and affects only one in five people infected. Zika virus infection during pregnancy can cause serious birth defects and women who are pregnant or plan to become pregnant should consult with their healthcare provider prior to booking travel to areas with active Zika transmission. Guillain-Barré syndrome (GBS) is a rare disorder that can cause muscle weakness and paralysis for a few weeks to several months. In a small proportion of infections it can be triggered by Zika, much as it can after a variety of other infections. Most people fully recover from GBS, but some have long term damage. As the list of affected countries changes rapidly over time, we recommend

you regularly review Public Health England's website for updated information and a list of countries with active transmission: www.gov.uk/guidance/zika-virus. Please seek medical advice prior to travelling if this travel alert affects you. Guests are reminded to take enhanced precautions against biting insects by covering exposed skin, and using insect repellent.

Vaccinations

Vaccination requirements vary by destination and change from time to time. It is your responsibility to have with you any necessary health certificates. We recommend that you seek advice from your medical practitioner or travel medicine clinic, at least six weeks before your cruise, to discuss your personal travel plans and obtain appropriate advice and vaccinations prior to travel. Seasonal influenza vaccination is recommended for all guests. You will find further travel health advice on the UK government funded website at www.travelhealthpro.org.uk.

Yellow Fever

Queen Victoria

A valid International Certificate of Vaccination and Prophylaxis (ICVP) is required for those on board for the call to Cartagena in Colombia, as proof of vaccination is required for entry to ports following this call.

This needs to be the original certificate which must be fully completed, signed, and stamped by a Medical Practitioner. The vaccination must be given 10 days before entering a yellow fever area in order for it to be effective and valid. If yellow fever vaccination is contraindicated for medical reasons an exemption can be issued by your Medical Practitioner and this must be brought with you to the ship. Local Port Health Officials will then decide if a vaccination waiver can be issued. The exemption should be either detailed in a headed letter or recorded in the International Certificate of Vaccination. It should be signed by the clinician and include the Practice stamp. Guests without the correct documentation will be denied boarding. You will find further travel health advice on the UK government funded website at www.travelhealthpro.org.uk.

Malaria

There is a risk of malaria in the following ports:

Queen Elizabeth - Alotau and Rabaul, Papua New Guinea

Queen Mary 2 - Mormugao, India

Guests are strongly recommended to visit their healthcare provider to discuss their personal travel plans. Please take a copy of your itinerary including pre/post voyage travel with you so a full risk assessment can be made and the appropriate malaria prevention advice given.

United Arab Emirates/Japan drug warning Queen Mary 2 and Queen Elizabeth

Please be aware that some prescriptions, over the counter drugs, complementary therapies, and other medicines that are purchased in the UK may be illegal in the United Arab Emirates and are therefore banned in the country. Japan also has rules regarding such medication. Codeine, for example, is banned and no products containing codeine, which may include paracetamol, may be imported or sold in the United Arab Emirates. An Import Certificate from the Japanese Authorities would be required in order to take such products into Japan. Penalties can be severe if banned substances are found when entering these countries.

If you are taking medication and are in any doubt then please contact United Arab Emirates London Embassy Medical Department on +44 (0) 207 486 6281, or the Japanese Embassy on +44 (0) 207 465 6500 prior to your arrival. You may also check for further information at www.fco.gov.uk. Anyone travelling with medications and/or syringes should carry a prescription with them. All medications should be kept in their labelled dispensing bottles or packages. If the medications are "controlled" or injectable drugs it is also advisable to carry a Doctor's letter.

For United Arab Emirates, it is essential to carry a prescription for any medication as well as a medical report if you are travelling with syringes or other medical equipment. We strongly advise you to seek advice if any of the above affects you.

Required hotel stays.

Cunard will arrange flights and transfers for you to join your ship on the day of embarkation. However, where the included flight timings necessitate a pre-/post-cruise overnight stay, Cunard has included in your cruise fare a hotel room at the international port of embarkation/disembarkation for the night before or after your cruise.

This accommodation will not be assigned until 30 days prior to your sailing and for operational reasons will be subject to change right up until the date of your stay. You will not be eligible for compensation in the event of a change in hotel and our cancellation terms will apply as per the cruise Booking Conditions on pages 192-195. For required hotel stays, airport hotels may be used, avoiding long transfer times and allowing guests the chance to rest before or after a long flight. If you wish to have time to explore your city of embarkation/disembarkation, we recommend you book one of our hotel stay packages. If you are booked on one of our hotel stay packages or land tours on the same date as a required hotel stay, you will not be eligible for the required hotel stay.

Hotel packages.

All hotel rates shown are per person per night in £ sterling based on two adults sharing a double room and may be subject to change. Rates do not include early check-in. If you require early check in, it is advisable to purchase an additional night prior to arrival. There may be occasions when hotel space is limited due to major events or public holidays so it is recommended that you book early.

We will endeavour to maintain your stay as advertised, but Cunard reserves the right to change your hotel accommodation to an alternative of a similar standard or above up until your date of stay for operational reasons or those beyond our control. In these instances our cancellation terms will apply as per the cruise Booking Conditions on pages 192-195 and no compensation will be given.

Guests who book their own flights to join one of our hotel or tour packages must ensure that they contact Cunard with their flight details at least 10 days prior to departure to enable us to arrange a transfer to the package hotel. Guests should also ensure that we are informed of any flight schedule changes so that the transfer is provided at the correct time. If we do not have these details, we cannot guarantee that your transfer will be provided.

No refund or compensation will be issued in these cases.

International flight arrangements.

Where your fare includes a flight, this will be in economy class from/to the UK, along with any necessary transfers at the overseas airport on the day of embarkation/disembarkation. For up to date pricing and available airports please visit our website, contact your travel agent, or call our Contact Centre. The inclusive airport varies by cruise and date of booking and supplements apply to other departure airports.

For details of how we can tailor your flights, please see page 157.

Baggage allowance.

Baggage allowances vary by airline and destination, but are generally between 20kg and 23kg per person. Details will be available on your Voyage Personaliser at cunard.com. While some airlines have an allowance that is greater than 23kg, we request that no individual bag weighs more than 23kg to ensure safe handling by our crew.

Excess baggage

Airlines are increasingly enforcing stricter control over excess baggage. You should be aware that if you exceed the baggage allowance referred to on your e-ticket, an excess baggage charge will be made by the airline at check-in.

Please note Cunard is not responsible for airlines' baggage restrictions.

All flights – please note:

Where the sailing time permits and subject to availability, your flights will be arranged for the day of embarkation/disembarkation.

- a) Flights will not necessarily be direct or non-stop. All flight times, air carriers, and flight routings are subject to change. Cunard has no control over any changes airlines may make to flight times, but will inform you of any changes.
- b) Full details of air travel arrangements will be made available to you via Voyage Personaliser as soon as they have been finalised.
- c) When we charter aircraft from an airline we tailor the services offered to our guests, so these may differ from the airline's advertised services.
- d) We will determine the city airport e.g. for London either Heathrow, Gatwick, or London City may be used and this may not be the same for your outbound and return flights. Therefore you may have to transfer, under your own arrangements, between London airports. For Québec, Québec or Montreal may be used, and for Trieste, Trieste or Venice may be used.
- e) Airlines reserve the right to refuse travel on medical grounds. You must notify us of any medical conditions or other requirements for airport assistance (only available after check-in) or special arrangements on your flight. In addition to completing our medical and mobility questionnaire you may be required to provide additional information to the airline in order that they can assess your fitness to fly. Several airlines are unable to carry guests who require additional oxygen for medical reasons for all or part of the flight. Those airlines that can offer this service need to have advance notification to make the appropriate arrangements and any costs must be met by the guest.
- f) In order to comply with Civil Aviation Authority regulations, you must advise us at the time of booking if you plan to carry an electrical mobility aid on board your flight(s). These include, but may not be limited to, electric wheelchairs and electric scooters. Assessments will then be made by the airline as to the safety of carrying an electric mobility aid on board the aircraft. Failure to follow this procedure may result in the electric mobility aid not being allowed on the aircraft.
- g) When travelling on scheduled flights, it may be possible to pre-purchase specific seat numbers subject to each airline's policies, over which we have no control. Due to the configuration of the aircraft, it may not always be possible to obtain seats together.
- h) Airlines have entered into codeshare agreements, so you may find that one or more of your flights is operated by one of their partner airlines. We will advise you if this is the case.
- i) For long haul flights, if you have any special dietary requirements, including child meal requests, please advise us at the time of booking or at least seven days prior to travel. We are unable to guarantee that all requests can be met.
- j) Any amendment or cancellation made prior to departure will incur an administration fee of £20 per person plus any costs charged by airline. Costs vary depending on the airline and the change(s) you want to make.
- k) To comply with the immigration rules, you must ensure that the name on your booking matches the name in your passport. You will be responsible for all costs associated with a failure to comply with this requirement, such as amendment charges.

- l) If you choose to make your own travel arrangements to join your ship, any flights you take will not form part of the package provided by us and will not be covered by our ATOL protection. You will also need to ensure that you leave sufficient time in your itinerary to reach the cruise terminal by the check-in time stated on your ticket as our transfers will not be included. You will also need to make your own transfer arrangements between the airport and the ship.

Transatlantic Crossings.

- ◆ The Cunard Fare includes economy class flights between New York and London, Belfast*, Edinburgh, Glasgow, or Manchester. Please note that not all regional flights operate on a daily basis, so indirect flights may be offered as an alternative. All flights are subject to availability. A supplement applies to regional air cities when booking the Early Saver fare.

*Flights to/from Belfast will be indirect.

- ◆ We can arrange domestic flights between Southampton Airport and regional airports around the UK (supplements apply).
- ◆ If you want to fly to/from an alternative US airport, we can also arrange this for you (an additional fee may apply).

Mediterranean fly-cruises.

- ◆ Mediterranean fly-cruise fares include return economy class flights from/to the UK. The inclusive airport varies by cruise and date of booking; supplements apply to other departure airports.
- ◆ Flights to/from other UK airports are available for an additional supplement.

Regional departures – please note:

- The regional flight supplement is in addition to any Cunard Fare.
- Flights are offered subject to airline schedules available at the time of booking. Should subsequent schedule changes result in no regional service being available from a particular airport, no alternative transport will be provided and any regional supplement will be refunded in full.
- Regional flights will not necessarily be direct or non-stop.
- If a same day connection is not possible, the cost of any overnight accommodation will be at your own expense.

- Flights from Guernsey and Jersey can only be booked the day prior to your onward travel, and overnight accommodation will be at your own expense.

- If you book regional flights to/from Southampton Airport through us, then the fare includes optional transfers to/from the cruise terminal. If you would rather make your own way between the airport and the port, please advise us at the time of booking and your fare will be reduced accordingly.

- Transfers between London airports, or between Southampton Airport and the ship terminal, are not included.

Carriage of dogs.

Cunard can accommodate service dogs on certain cruises, dependent on itinerary and according to UK quarantine regulations. Please ensure you contact us prior to booking to ensure your chosen cruise is suitable. Service dogs are accommodated in staterooms with their owners.

Non-service dogs are only carried on Queen Mary 2 Transatlantic Crossings, in kennels and are not allowed to visit any guest area of the ship. It is your responsibility to obtain all the relevant documents and certificates and comply with customs requirements to allow the service dog to travel. Please refer to the DEFRA website at defra.gov.uk for details.

Environmental statement.

At Cunard we take our environmental responsibilities very seriously and are committed to reducing our environmental impact.

We are dedicated to preserving the marine environment in which we operate, and therefore believe it is our duty to introduce environmental practices which set a high standard of excellence and responsibility. To support our aim we have developed an environmental management system independently certified to ISO 14001, which is the most widely recognised global standard for improving environmental performance.

We recognise that without appropriate treatment the waste generated on board our ships, together with the fuel and other products we use to transport, feed, entertain, and take care of you could have an impact on the environment. Our waste treatment facilities ensure that all waste water is appropriately managed to minimise

its impact upon the oceans. All general waste is treated on board to reduce its volume prior to landing ashore, and wherever possible general waste is recycled.

We are reducing our air emissions through the implementation of fuel efficiency measures, including improved hull coatings, low energy lamps, increased recirculation of waste heat, and improved efficiency in air conditioning, and we continue to explore new technologies. To help us meet this aim we have an externally certified Energy Management System certified to ISO 50001.

Through these measures and other initiatives Cunard will ensure that we help preserve our environment for future generations.

The information in this brochure represents Cunard's plans and intentions at the time of going to press. What's included in my fare?

See page 176 for details.

Do I need a passport, visa, or vaccinations?

All guests must have a valid passport, and some itineraries require you to obtain a visa before departure. Vaccinations will depend on where you are travelling to. Full details of these requirements are on pages 178-179.

Do I need to take out travel insurance?

Yes. It is a condition of the contract that you obtain travel insurance to cover the risk of you needing medical care on board or in a foreign country. We have a relationship with Holiday Extras who can offer comprehensive travel insurance covering our requirements. You'll find further details on page 189 and you can obtain a quote and full terms and conditions from holidayextras.com/cunard or by calling 0800 316 3061.

If I'm travelling alone, how will I meet people?

It couldn't be easier to meet people on board. Not only are you invited to a 'Welcome Cocktail Party' for all our guests, you might also want to consider joining a larger table for dinner in order to get to know more of your fellow travellers. On board activities like classes and quizzes are a great way to make new friends. On all of our ships there are gentlemen dance hosts to accompany dancers in a waltz or rumba.

What do I wear on board during the day?

You'll need to pack a range of summer or warmer clothes, depending on your itinerary and the time of year you travel. On board during the day, you'll probably find yourself most comfortable in stylish casual wear, including shorts and smart jeans. Swimming costumes, micro shorts, sarongs, and gym wear should be reserved for the poolside, on deck, or in the spa and fitness centre. We request that swimwear must be covered up before entering any enclosed areas.

Do I have to dress for dinner every evening?

Dressing up elegantly for dinner is one of the great thrills of a Cunard holiday, yet we also want our guests to feel relaxed. So each evening our dress code will either be formal or informal:

Formal:

Evening or cocktail dress for ladies. Dinner jacket, tuxedo, or dark suit with tie for gentlemen. A range of gentlemen's formal wear is available to hire on board.

Informal:

Cocktail dress or stylish separates for ladies. Jacket required, tie optional for gentlemen. No jeans or shorts.

As a guide, on board Queen Elizabeth, Queen Victoria and Queen Mary 2 cruises there are two to three formal nights per week. On Queen Mary 2 Transatlantic Crossings there are three formal nights. On Oceans of Discovery Cruises there will be up to three formal nights per week, as well as themed Balls scheduled throughout the voyage.

Details can be found on your Voyage Personaliser at cunard.com. The evening dress code will also be specified in your ship's Daily Programme, which is delivered to your stateroom each day. Evening attire is effective from 6.00pm.

On formal nights, guests wishing to dress in more relaxed clothing are welcome to dine in the Lido and Kings Court restaurants. Bars and lounges with a relaxed dress code include the Carinthia Lounge, Winter Garden, Garden Lounge, Yacht Club, and G32. They should not use other areas within the ship, including The Verandah restaurant, out of respect for their fellow guests.

Does my stateroom grade determine where I eat?

Only in respect of your formal dining arrangements. On all ships your accommodation is paired with a specific restaurant. Please see page 159 for details.

Are there any other places to eat on board?

All ships offer alternative dining options, which are available to everyone:

Queen Mary 2

Boardwalk Cafe, Carinthia Lounge, Golden Lion, Kings Court, Sir Samuel's, and The Verandah restaurant.

Queen Victoria

Cafe Carinthia, Golden Lion, Lido restaurant, The Verandah restaurant, and Winter Garden.

Queen Elizabeth

Cafe Carinthia, Golden Lion, Lido restaurant, The Verandah restaurant, and Garden Lounge.

In addition each ship will offer alternative dining cuisine each evening:

Italian, Indian, Pan Asian, Tex Mex, and American Smokehouse menus are available at the Kings Court buffet on Queen Mary 2 or the Lido restaurant on Queen Victoria and Queen Elizabeth.

Advance bookings are required for The Verandah restaurant as well as the speciality dining options in the evening offered in the Lido and Kings Court respectively. These dining options carry a nominal charge.

Room service is also available 24 hours a day.

What does single-seating dining mean?

It means that guests have the flexibility to dine at their reserved table any time between 6.30pm and 9.00pm in the Queens Grill, Princess Grill, and Britannia Club restaurants.

What if I need a special diet?

Please advise us of your needs six months prior to departure or at the time of booking, whichever is closer to your departure date. Whilst every effort is made to ensure that special dietary requests are met, please note this cannot be guaranteed.

Kosher

For guests who require Kosher food, we are pleased to provide this for dinner only. Please advise us at the time of booking where we will send you a menu to make your selection; this must be returned no later than six weeks prior to departure. Unfortunately we are unable to offer Kosher food for bookings that are made less than four weeks prior to embarkation.

Are there any bars or lounge areas on board?

On all ships there is a Commodore Club, Golden Lion pub, The Pavilion, Queens Room (Afternoon Tea), and Churchill's Cigar Lounge plus:

Queen Mary 2

Chart Room Lounge and Bar, G32 (nightclub), Champagne Bar, Carinthia Lounge, and Sir Samuel's.

Queen Victoria

Chart Room Lounge and Bar, Yacht Club, Midships Lounge, and Winter Garden.

Queen Elizabeth

Café Carinthia, Midships Bar and Lounge, the Garden Lounge, and Yacht Club.

What do the different stateroom categories mean?

You will see from the deck plans that each ship offers various grades of accommodation. The grade and fare of each category is determined by different factors. These include the overall size of stateroom, its position on the ship – forward, midships or aft – whether it affords a sea view, and whether it has a balcony. Deck plans and stateroom amenities can be found as follows:

Queen Mary 2 pages 160-161, 166-168
Queen Victoria pages 162-163, 169-171
Queen Elizabeth pages 164-165, 172-174

When choosing your accommodation you may want to bear in mind where the different grades tend to be located throughout the ship. For example, for minimal movement, we recommend the staterooms at the centre

of the ship (midships). Your choice may also be decided by the facilities on board, such as accommodation grades found close to lifts or to certain public rooms where you envisage spending most time. Alternatively, you might choose your stateroom based on what's outside of the ship. Opting for oceanview grades on the higher decks, especially those in the forward and aft positions with a balcony, provides the most scenic way to watch the ever-changing views.

What is a hotel and dining service charge?

From your waiters and stateroom stewards to the many more people supporting behind the scenes, every Cunard crew member puts their heart and skill into ensuring you experience Cunard's legendary White Star Service. To ensure crew in these areas are rewarded for the service they provide to you, and to eliminate the need for tipping, a hotel and dining service charge is added to your on board account and every dollar collected goes directly to the crew members. There is no administrative fee. Of course, should you wish to individually reward any other crew member who has made your time on board particularly memorable, please feel free to do so.

Casino, Bar, Wine, and Spa personnel do not share in the hotel and dining service charge as not all guests use their services.

How are these charges calculated?

Amounts vary by stateroom category as follows:

Queens and Princess Grill Suites

\$13.50 per person per day

Britannia Staterooms

\$11.50 per person per day

The £ sterling equivalent is based on Cunard's exchange rate at the time of going to press. Naturally, you are free to reward any member of the crew over and above these amounts at your discretion.

What is the currency on board and how do I pay for items I buy?

The currency on board all ships is the US dollar, and you'll find the Purser's Office acts as a handy financial centre. For your convenience all of our ships operate a cash-free environment. To make any purchases on board you just need to present your Guest ID card. Our ships do not accept cash, except at the Purser's Office, for the purchase of foreign currency, and the settlement of your account. In order for charges to be posted on to your account you will need to register your credit card at check-in. All transactions will be charged to your account in US dollars.

How do I register my card at check-in?

The check-in team will ask you for your card whilst they are checking you in for your cruise. For security reasons the card will never leave your sight. The card will be run through a swipe and all details are immediately encrypted. At no time can either the check-in staff or the ship staff see your credit card details. We accept the following major cards, Visa Credit, Visa Debit, MasterCard, American Express, Diners Club, and Discover. We are unable to accept Solo, Maestro, Switch, and any pre-paid credit cards.

How can I avoid issues with my credit card?

Whilst you are on board we run an authorisation against your credit card on a daily basis to cover your spend for the previous day. This amount is not taken from your account until it is finally settled on the day of disembarkation or at the end of a segment on an Oceans of Discovery.

These authorisations can remain on your account for up to 28 days. You may therefore want to contact your card provider on your return to release these authorisations. Prior to leaving for your cruise it is recommended that you advise your credit card provider of your trip away and that you will be on board a ship and visiting different countries. This will help avoid raising a security alert and your card being referred.

When will I receive my tickets and itinerary information?

Approximately 35 days prior to your departure date your electronic documentation will be available through your Voyage Personaliser at cunard.com. This includes information relating to any hotel stays or land tours booked.

How will I know which shore excursions are available?

Around 85 days before departure the shore excursions available to you can be booked in advance either online via your Voyage Personaliser at cunard.com or through our Customer Contact Centre.

Advance bookings must be made at least three days prior to the start of your cruise. Whilst on board, our port-of-call talks will help you get the most out of our shore excursions.

What if I feel seasick?

Don't worry – your ship's doctor is always on hand with a remedy. Seasickness is best countered with an injection or tablets, which should soon have you feeling shipshape again and settle you for the duration of your stay on board.

Is there enough to do during days at sea?

Yes, plenty! You'll be amazed by just how much there is to do. From deck sports, friendly quizzes, and dance classes to fascinating talks and movies, there's so much to choose from. Your ship's Daily Programme (delivered to your stateroom each evening) has full details of all the activities, events, and entertainment happening each day. For more details see:

Queen Mary 2	pages 8-9, 24-29
Queen Elizabeth	pages 10-11, 24-29
Queen Victoria	pages 12-15, 24-29

What about beauty treatments and hairdressing?

For treatments on board Queen Mary 2 guests may book up to 21 days prior to sailing. U.S. guests may call 866-860-4662 toll free. All other nationalities can call collect/reverse charges by calling +1-702-414-3600. Alternatively, you can send an email to QM2@canyonranch.com.

Can I travel when pregnant?

Guests who will have entered their 24th week of pregnancy or beyond at any point in their holiday unfortunately will not be permitted to travel with us in line with our pregnancy policy. If you require further information then please call us on 03453 550 300.

Can disabled guests travel?

This section relates to all matters involving mobility disabilities, wheelchair, and mobility scooter use; sensory and auditory disabilities including blind and/or deaf persons; as well as any other disability which may affect your enjoyment of your time on board.

Before making a booking, please familiarise yourself with clauses 18-24 of the Booking Conditions in this brochure (see pages 192-195). All guests requiring specific assistance, facilities, or equipment on board or wishing to bring such equipment on board, must advise Cunard at the time of booking and are required to complete a questionnaire after

booking to ensure we have all the information we need to cater adequately for your requirements.

All of our ships cater for guests bringing wheelchairs or mobility scooters. With lifts and wheelchair accessible routes to all public rooms and the vast majority of deck areas, as well as a number of staterooms adapted for wheelchair users, we aim to make your stay as relaxing and comfortable as possible. Please note that our wheelchair accessible staterooms are strictly reserved for use by guests who are bringing wheelchairs or mobility scooters, or who have a requirement for the adapted facilities offered by these staterooms. Cunard reserves the right to require guests who have booked this accommodation without due reason, to move, at their own expense if necessary, to make room for another guest who requires this facility.

Our wheelchair accessible staterooms are built to ADA (Americans with Disabilities Act) standards and it is not possible to make any temporary additions or make structural changes to these staterooms for specific guests.

If you are planning to bring a wheelchair, mobility scooter, or any other specialist equipment on board with you, it is essential that you let us know at the time of booking or as soon as the need is known so we can advise you appropriately. Mobility scooters will only be permitted on board if guests have booked into a wheelchair accessible stateroom, or suite, as these are the only types of accommodation where mobility scooters can safely be stored. Part-time wheelchair users travelling in non-wheelchair accessible staterooms must bring a collapsible wheelchair, to ensure the wheelchair can safely fit through their stateroom door and be accommodated in their stateroom.

Please note that for the safety of the ship and everyone on board, all wheelchairs, mobility scooters, and other aids to mobility must be stored inside your stateroom when you are not using them. Failure to comply with this important safety rule may mean you are disembarked and refused future travel.

A ship is not always the easiest environment for using a wheelchair or mobility scooter. Although our crew are always very helpful, they are only able to provide limited assistance to assist you in moving around the ship. For this reason, and in order to ensure the safety of the guest, the ship, and all others on board, we recommend guests with disabilities who require personal assistance in the activities of daily living, including pushing a wheelchair, or communication support, to be accompanied by a personal assistant/travelling companion to provide these services. Blind/Visually Impaired guests are

recommended to travel with a companion who can help you get your bearings and assist you both on board and ashore.

Our crew can provide limited arm assistance and information or directions, but we cannot provide sustained or long-term assistance. If you travel alone but it becomes clear that you are unable to cope on board, you may be required to discuss the situation with a member of the ship's company and in extreme circumstances, you may be asked to disembark the ship at your own expense.

Mobility Ashore.

When choosing your cruise please bear in mind that it may not be possible for wheelchair users to get ashore at ports of call. At the majority of ports visited by our ships, we deploy a short ramped low-level gangway, commonly referred to as the ship's brow. This is normally due to ports with a large tidal range, where a relatively shallow ramp may unavoidably become too steep to use safely during the course of the day with tidal movements. Some examples of ports with a large tidal range (but not an exhaustive list) are La Coruña, Le Havre, Lisbon, Zeebrugge, Canary Island ports, Hamburg, Boston, Halifax, Québec, Darwin, and San Francisco. At ports where it is not possible to use the ship's brow, all access to shore will be by a narrow stepped gangway that pivots to take account of the tide, known as the accommodation ladder. When the accommodation ladder is in use, you will need some independent mobility in order to walk down the gangway. Each of our ships carries a wheelchair 'stair climbing' machine which, where appropriate, may be used to allow wheelchair users to go ashore provided they transfer between their own wheelchair and the wheelchair that is fitted to the stair climber at the top and bottom of the accommodation ladder. The stair climber cannot be used with electric wheelchairs – these will need to be taken ashore separately.

Our shore excursion descriptions set out to offer practical advice based upon our operating experience. We would strongly advise you to read the excursion descriptions to make sure that your chosen excursion is suitable for your individual personal requirements. We use our best efforts to obtain appropriate transport although it is not always possible for us to secure fully accessible vehicles. Please note that due to applicable safety requirements, the design of the ship, or port infrastructure and equipment, in certain ports of call it may not be possible for us to offer a shore excursion programme, or shuttle bus service, suitable for guests who are not able to board a coach via the steps with only the aid of their travelling companion. Taxis are usually available for hire close to the ship's berth should guests wish to travel independently.

Please call our Customer Contact Centre to discuss mobility during Land Tours as not all our tours may be suitable for guests with reduced mobility. For further information on accessibility please visit our website at cunard.com.

For further information about travelling with disabilities, please contact our specialist Disability team on 03453 550 300* (Monday-Friday 9.00am-5.00pm) or by email at disability@cunard.co.uk.

Can I change my holiday after booking?

You can make your own way to the port or airport. Alternatively, why not take advantage of our Cruise Connections, with its comprehensive range of air and chauffeur services? To find out more, please see pages 156-157.

How much luggage can I bring?

On cruises sailing and returning to Southampton, you can bring as many bags as you can comfortably fit into your stateroom. Please attach a Cunard issued luggage label to each item of luggage as they are essential for quick delivery to your stateroom. Please bear in mind when you are packing that the weight of an individual piece of luggage must not exceed 23kg to ensure safe handling. If an individual piece of luggage exceeds 23kg you will be delayed at embarkation and may be asked to remove items or re-pack your bags. You may also find that your luggage is delayed at disembarkation if any of your bags exceed this limit.

On cruises involving flights, baggage allowances vary by airline and destination, but are generally between 20kg and 23kg per person. Details will be available on your Voyage Personaliser at cunard.com. While some airlines have an allowance that is greater than 23kg, we request that no individual bag weighs more than 23kg to ensure safe handling by our crew.

If I wish to stay in Southampton the night before or after my cruise, can you suggest a hotel?

Yes, we have negotiated special rates on your behalf at the DoubleTree by Hilton

Southampton hotel. From April 2019, we are also pleased to offer our new Flagship hotel, Southampton Harbour Hotel & Spa. You'll find details on cunard.com.

Can you suggest a hotel near Heathrow or Gatwick airport?

Airport hotels are available in the UK if your holiday includes an overseas flight. For details on how to book please visit your Voyage Personaliser at cunard.com.

If sailing from Southampton, at what time do I have to check in?

To ensure a relaxed start to your cruise we operate a staggered check in schedule. Your embarkation time will be advised around 40 days prior to departure on your e-ticket. Cunard Grills guests and Cunard Diamond and Platinum World Club members will receive priority check-in.

What happens to my luggage in Southampton?

When you arrive at the terminal, your luggage will be collected by a porter, screened by security, and delivered directly to your stateroom for your convenience.

What time does the ship depart from Southampton?

The ship will generally leave Southampton at around 4.30pm, although this may change depending on how many ships are in Southampton on the day same and for other operational reasons. Your embarkation time will be shown on your e-ticket. All guests must be on board no later than an hour before departure.

What time does the ship arrive in Southampton?

The ship will generally arrive into Southampton at around 6.30am. Guest disembarkation usually takes place between 8.00am and 11.00am, subject to operational approval.

Where does the ship depart from in New York?

Cunard uses both Brooklyn and Manhattan Cruise Terminals, so please ensure that you check your documents for confirmation of which terminal you will be departing from. Guests arriving by private car should drop off luggage and guests at the terminal curb side before proceeding to either the on-site or off-site parking. Upon entering the terminal, guests will be directed towards the security, guest screening, and check-in area.

Can I send my luggage in advance?

Yes you can*. No more lifting suitcases, luggage check-ins, or the hassle of baggage claims and customs clearance. With just one

call, Cunard's exclusive White Star Luggage Service can handle the rest. We'll pick your luggage up at home and have it waiting for you in your stateroom. And we'll ship it right to your front door at the end of your cruise. You can even add it to your pre- or post-cruise extension for hands free travel! For more information call 0800 051 6414 (between 2.00pm and 9.00pm). Alternatively please e-mail: whitestarluggage@cunard.com.

*Not available in all ports of call

What about flight details?

We may not know exact details of your flights at the time of going to press or at the time of booking. However, your flights will be on scheduled flights or recognised charter airlines (operated under Cunard's CAA ATOL Licence number 6294). Please see pages 180-181 for details. Once your flights have been confirmed you will be able to view the details on your Voyage Personaliser at cunard.com.

What happens to my luggage at the end of the cruise?

On your final night on board, you will be asked to pack your luggage and leave it outside your stateroom. We recommend that you do not pack valuables, fragile items, or medication.

On the morning of disembarkation, after you have come through Customs, your luggage will be waiting in the cruise terminal for you to identify and reclaim. In the terminal, your luggage will be arranged in the luggage reclaim area according to the colour coded labels, which will be provided to you prior to disembarkation. As many bags are similar in appearance, please check each luggage label to ensure you are claiming your own luggage.

After retrieving your luggage and exiting the terminal building, you will be directed to awaiting coaches, taxis/executive cars, and car parking. Guests with cars may first retrieve their car and then pick-up luggage and fellow travellers. If you have purchased a Cunard ship-to-airport transfer or hotel stay, you will be directed by uniformed Cunard representatives to the transfer departure point. If your friends or relations are meeting you at the terminal, please be advised that disembarkation may take up to four hours after the scheduled arrival of the ship in order to clear immigration and customs formalities. Disembarkation generally takes place between 8.00am and 11.00am.

For Fly-Cruises, luggage will be taken from outside your stateroom to the cruise terminal, where you will need to reclaim it and take it through Customs.

On board.

Cunard ships are among the safest afloat. An emergency drill for guests will be held before the ship sails from her embarkation port on each cruise. Attendance at these drills is mandatory in accordance with International Maritime Law. In your stateroom, you will find a black folder containing safety information which describes the emergency procedures and designates the route for the guest assembly station to which you have been assigned. In addition to actively participating in the drills, you are urged to study this information carefully and familiarise yourself with the use of life jackets, which are provided for every guest. Children's life jackets are available from your stateroom steward.

A Rabbi will also be on board during major religious holidays. Non-denominational services are conducted at sea. During cruises coinciding with a major religious holiday, ecumenical clergy will be aboard to conduct services.

How can I keep in touch with people?

All staterooms have direct-dial telephones. You can send emails from the computer rooms and, where available, through wireless communications. Fax facilities are also available. Our ships are equipped with an advanced wireless network which allows guests to use their mobile phones when the ship is at sea. This international roaming service is enabled by and charged via your home operator who can also provide you with exact rates. You can then use your phone as you would at home.

What is the smoking policy on board?

The safety, comfort, and enjoyment of all our guests has always been a key concern at Cunard. With this in mind, as a direct result of the feedback we have received from our guests, we have amended our policy with regard to smoking on board Cunard ships as shown below:

All public spaces (with the exception of designated smoking areas) including restaurants and outdoor dining alternatives are designated as non smoking within the ship. Smoking is not permitted in staterooms, on balconies, or in public areas (with the exception of Churchill's Cigar Lounge, which is reserved for cigar and pipe smokers only).

Electronic cigarettes and vaporising devices, including those that do not emit smoke, are only permitted in designated smoking areas. Designated smoking areas on the open decks will be clearly signposted and noted in the Daily Programme.

Do you use security cameras on board?

Cunard may operate closed circuit television (CCTV) in certain areas on board the ship during your cruise.

What happens if I am unwell?

Each ship has a Medical Centre on board, supported by fully qualified doctors. We are proud to be able to say that all of our medical centres are the first and only facilities in the industry to be accredited by the prestigious United Kingdom Health Quality Services and certified to ISO9001:2000.

Although we hope none of our guests become ill, please note that medical and repatriation expenses in countries such as the United States can be substantial and this is why we insist upon all guests having valid insurance to cover them for such costs. If you happen to be taken ill whilst cruising with us and your condition were so serious that we needed to get you to shore, you would be placed into the care of our port agents and a member of our team ashore would stay in contact with you and provide support if required. Please note, however, that all medical services on board are charged for, and that it is a condition of the contract that you have travel insurance to cover you for medical costs you may incur (please see pages 182, 189, 190, and 193).

How do I settle my final bill on board?

If you have a credit card registered all you need to do is to check your final statement on the morning of disembarkation. If you are happy with your account you need take no further action. The final amount will be settled to your registered credit card.

If you choose to settle your account with cash and you have a credit card registered you should call at the Purser's Office no later than 6.00pm the day prior to disembarkation. Cash cannot be refunded to a credit card therefore failure to remove your credit card, will result in a cash balance on your account on the morning of disembarkation. You will then need to call at the Purser's Office to collect this cash credit.

For those guests who are travelling on a World Voyage your account will be settled several times during your stay on board. For guests who travel on two or more consecutive cruises, your account will be settled at the end of each cruise. These settlement dates will be advised when you are on board.

You may choose to settle your account with cash; however a credit card should still be registered. If using cash the account must be kept in credit at all times.

Please note that, as part of the fight against terrorism, international crime and money laundering, EU regulations require all guests entering or leaving the European Union with €10,000 or more in cash (or its equivalent in other currencies or easily convertible assets – e.g. bonds, shares, traveller's cheques etc.) to declare the sum to the customs authorities of the Member State which he/she is entering or leaving. If you are likely to need to make a declaration under this regulation please contact the HM Revenue & Customs National Advice Service on 0845 010 9000 or visit www.hmrc.gov.uk for further information on how to comply.

What children's programmes do you offer?

On all ships we offer a children's programme exclusively for younger guests aged 2-17 years. Parents may drop their children off in the children's facilities to be cared for by our Youth Team, who have extensive experience of planning and facilitating activities for 2-17 year olds, as well as holding an enhanced DBS check. Children aged between six months and 2 years are welcome to use the children's facilities, when available, provided they are accompanied by a parent/guardian at all times.

Our ships are excellent family destinations, because we offer a range of entertainment and activities for children, all of which is tailored to suit specific age groups. Our children's clubs – The Play Zone, The Kids Zone, and The Teen Zone – are complimentary and offer the peace of mind of knowing that your children are well looked after and can socialise with other young people.

These clubs are open on a daily basis and feature secure entry systems to allow authorised entry. There are 'sign in' and 'sign out' procedures for the 2-12 year olds, including a registration form which must be completed for every child before they attend the programme. We recommend that you attend one of the initial registration sessions on embarkation day so your child can be registered from the first session.

Please note that children in nappies, swim nappies, pull ups, or who are not completely toilet trained, are not permitted in the pools or whirlpools.

Here is a brief outline of the children's activity programme on our ships. A children's activity programme will be delivered to the stateroom of all our younger guests on the evening of embarkation, which will feature details of specific activities during the cruise, which often include entertaining themed days. Access to the children's facilities is on a first come, first served basis.

The Play Zone

The Play Zone is a permanently supervised play area for children aged between 6 months* and 7 years on all ships.

The Play Zone is a bright, vibrant, and fun environment, complete with an outdoor play area, an arts and crafts corner, and a carpeted section for building blocks and other toys, as well as tables for puzzles and board games. Other activities will include theme days, activities, arts and crafts, and circle games.

Opening times will be notified on board.

*Infants aged between 6 months and 2 years are welcome to participate in the Children's Programme with parental supervision.

The Kids Zone

Permanently supervised by our Youth Team, The Kids Zone on board is designed for 8 to 12 year olds.

A relaxing and sociable retreat, The Kids Zone provides games and activities intended for older children, such as gaming consoles plus sports competitions, arts and crafts, and karaoke.

Opening times will be notified on board.

The Teen Zone

The Teen Zone is a programme for 13 to 17 year olds. Activities will include table tennis tournaments, deck sports, discos, quizzes plus much more to keep our younger guests occupied for the whole holiday.

Opening times will be notified on board.

The exact age groupings for older children will depend on the number of children travelling on any particular cruise.

Please note that at least one parent or guardian must remain on board with your child at all times.

Night Nursery

On all our ships we offer a night nursery for children aged six months to 23 months, which is available from 6.00pm to 11.00pm. We will give you a pager should we need to contact you. The night nursery is free of charge and is offered on a first come, first served basis.

On shore.

How long will I be in port?

Unless stated otherwise, the ship will be in port for a full day. This means the call will be a minimum of 7½ hours and a maximum of 11 hours. Some ports of call are for a half day, which will usually be a minimum of four hours and a maximum of seven hours. Times will vary according to the cruise and port. Late evening departures, shown with an ^{LE} on the itinerary, will leave port on or after 9.00pm. For full itineraries and port times please visit cunard.com.

Please note that the timings are guidelines only and the actual times may vary. Details of the estimated times of arrival and departure will be provided on board.

What are anchor ports and possible anchor ports?

In some ports it is necessary to anchor offshore rather than alongside, indicated by the symbol ^A or ^{PA}, and where conditions permit, you will be taken ashore by the ship's tenders, i.e. small vessels that carry around 100 passengers.

In order to board the tender, please note that you will be required to use steps both up and down (where there may be a 6"/0.15m to 8"/0.20m height difference) and navigate the gap between the platform and the tender (which may be up to approximately 1.5ft/0.43m). There will be crew members there to guide and steady you as you embark, but they cannot support, carry, or lift passengers on board the tender for safety reasons.

Please wear appropriate flat footwear that is securely attached to your feet when embarking and disembarking the tender. If you have registered for mobility assistance, one of our officers will contact you once you're on board to discuss your ability to embark and disembark the tender safely. If you use a wheelchair or a mobility scooter, you will be permitted to board the tender providing you have enough independent mobility to be able to get out of your wheelchair/mobility scooter and embark on foot. You, or your travelling companion, are responsible for assembling and disassembling your wheelchair/mobility scooter. The crew will endeavour to assist you where practical and safe to do so and providing that no individual part of the wheelchair or mobility scooter weighs more than 20kg.

Is the port always the main destination?

Usually, although there are some exceptions where the main places of interest are not on the coast but accessible by coach or train from the port. An example of this is Rome. In these cases the main place of interest is shown with the port in brackets, e.g. Rome (tours from Civitavecchia). At these ports of call, and others where the ship berths some distance from the city centre, Cunard will arrange a shuttle bus service or a city transfer service.

With Cunard Fares shuttle buses will be offered free of charge in ports where they are provided by Cunard, but you may incur a charge if you book any other fare type. Guests who wish to go ashore independently of the Cunard tour programme will usually find local public transport connections and private taxis close to the port.

Can I get foreign currency on board?

You may exchange your money into local currency for most ports of call, however there are certain ports when the ship is unable to carry the currency. In such cases, the ship will advise which currency is best to take ashore. Please remember that we can only accept back the currencies we sell on board and only in the denominations that we sell.

Foreign currency can be charged to your account if you have a credit card registered or if your account has sufficient cash credit to cover the transaction. There is a daily limit on all currency transactions of \$500 against a registered credit card. This is to ensure that we comply with money laundering regulations. We are unable to accept either personal cheques or travellers cheques. We are also unable to accept €500 notes at any time for currency exchange transactions.

If you require cash for any reason whilst you are on board you may charge this to your account. There is a daily limit of \$500 against a registered credit card.

The Contract.

- The Contract shall be between Cunard and the Passenger on the basis of these Conditions and the information contained in the Cunard brochure or website, and shall be governed by English law and the non-exclusive jurisdiction of the English courts.
- By making a booking, the Passenger confirms that all persons named in the booking including minors and persons under disability (and their personal representatives) have agreed to be bound by these Conditions and all other terms of the Contract, and that he/she has their authority to do so on their behalf and that all details provided for all Passengers named in the booking are correct. When a Passenger makes a booking on behalf of other Passengers, Cunard shall collect details for all Passengers named in the booking from the Passenger making the booking and will communicate with the Passenger making the booking using the contact details provided, rather than each individual Passenger in the group.
- All Packages are subject to availability at the time of booking. No Contract shall be made until the deposit (or, where appropriate, the full fare) has been paid, whether or not a booking confirmation has been issued, but all money paid to a travel agent shall be treated as having been paid to Cunard. Failure to pay the balance by the due date shall entitle Cunard to cancel the booking and retain the deposit by way of a cancellation charge. Failure to pay any other amount by the due date shall entitle Cunard to cancel the booking and to retain an amount by way of a cancellation charge as set out in clause 38.
- A Passenger shall not have the right to exclusive occupancy of a stateroom with two or more berths unless the single person supplement is paid. If a cancellation results in a Passenger becoming the sole occupant of a stateroom with two or more berths, he/she shall be liable to pay the single person

supplement. If a cancellation reduces the number of Passengers originally booked in a stateroom together, the remaining Passengers shall each be liable to pay any increase in the fare arising as a result of such reduction. In the event that all Passengers who are booked in a stateroom permanently disembark the ship before the end of the Cruise, then the stateroom will revert to Cunard's inventory.

- For Packages including any flights to or from the UK (and if not already confirmed at the time of booking), Cunard will issue an ATOL confirmation invoice giving the details of the flight arrangements (including UK and destination airports) within a reasonable time after such arrangements are known.
- Shore excursions are available for separate purchase prior to travel or on board and are arranged by Cunard with local operators. They do not form part of the Contract and are not performed by Cunard.
- A booking may only be made by a person aged 18 or over. All Passengers who, at the time of departure, will be under 18 years old must be accompanied by a Passenger aged 18 or over who will at all times during the Package be responsible for their welfare, conduct and behaviour. Passengers under 16 years old are not permitted to travel in a cabin without an accompanying Passenger who is 16 years old or over. Passengers under 16 years old are not permitted to disembark the ship in any port without a Passenger who is accompanying them on the Package in accordance with this clause.
- Children aged 6 months or less at the commencement of the Package will be refused permission to board the ship and Cunard shall have no liability whatsoever for any consequences of such refusal. Certain Packages also have prohibitions on children aged 12 months or less. Passengers should check with Cunard before booking.
- Passengers are responsible for ensuring that they arrive in plenty of time for check in for flights to/ from the ship including any interconnecting flights. Passengers are responsible for checking with regard to any delay/cancellation of flights. Passengers must ensure that they have a valid passport and any other necessary travel documents (such as visas) for their Package and should read the relevant section of the Cunard brochure or website before booking. Cunard is not responsible for obtaining visas for any Passenger; this is the responsibility of the individual Passenger.
- Cunard may incur a fine if the Passenger fails to comply with all relevant visa or documentation requirements for their Package. Cunard will re-charge any such fines to the Passenger.

Amendments to the Contract.

- In clauses 12, 13 and 14, "another person" means another person who satisfies all conditions applicable to the Package. A Package may be transferred to another person provided that the Passenger consults with Cunard prior to purporting to transfer the Package (so that, for example, Cunard may require that the Package is transferred to someone on its wait list) and Cunard receives the transfer request at least 4 days before the scheduled departure date. In the case of Passengers booked under a Cunard Early Saver or Saver fare, all transfers of a Package to another person under this clause will be subject to an administration charge of £20. Passengers booked under the Cunard Fare will not be required to pay an administration charge.
- Any transfer of a Package to another person will be subject to payment of all charges incurred in connection with the transfer (for example hotel amendment charges) and any transfer of a Package including any flights will also be subject to any charges imposed by the airline. Passengers should note that airlines may not allow transfers on scheduled flights and that a flight booking may have to be cancelled and rebooked, in which event the re-booking will always be subject to flight availability and to payment of any charges imposed by the airline which may, in some cases, be the full cost of the ticket.
- Any request for a transfer of a Package to another person which is received by Cunard less than 4 days before the scheduled departure date shall be treated as a cancellation by the Passenger of the Contract and a cancellation charge under clause 38 shall become payable.
- If a Passenger wishes to transfer to another Package, this will generally be treated as a cancellation under clause 38. Cunard, at its discretion, may allow the transfer without treating it as a cancellation if the Cunard holiday to which the transfer is to be made departs within 12 months (within 6 months in the case of transfer from a world voyage or a world voyage sector) of the original and is for a higher fare. Agreement to transfer a Package would also be conditional upon such a request being made more than 90 days before the original scheduled departure date; there being availability; and to payment of both an administration charge of £100 and any expenses (such as airline and/or hotel charges) incurred by Cunard as a result. Such a transfer would only be allowed on one occasion. The criteria for allowing

transfers may be changed by Cunard at any time without notice. Passengers who have booked a Saver shall not be entitled to transfer to another Package and the provisions of this clause 15 shall not apply.

- All transfers to another Package pursuant to clause 15 will be treated as a new booking. Any discount or promotion applicable to the original booking may not apply to the new booking, in which case the Passenger shall be required to pay any difference in fare.
- After a Package has been booked, Cunard will try to accommodate any request for a change, but such changes are always at Cunard's discretion and may be subject to an administration charge of £20. Passengers who have booked a Saver shall not be entitled to make changes to their Package and the provisions of this clause 17 shall not apply.

Fitness to travel and passengers with disabilities and/or reduced mobility.

- In order to ensure that Cunard is able to carry Passengers safely and in accordance with applicable safety requirements established by international, EU or national law or in order to meet safety requirements established by competent authorities including the ship's flag state, the Passenger making the booking represents that all Passengers in the booking are fit to travel.
- At the time of booking every Passenger is obliged to inform Cunard of any condition, including but not limited to reduced mobility or any Disability, which may require special arrangements, medical equipment/ supplies, care or assistance. This is to ensure that the Passenger can be carried safely and in accordance with all applicable safety requirements. If the Passenger cannot be carried safely and in accordance with applicable safety requirements then Cunard can refuse to accept a booking or to subsequently embark that Passenger on the grounds of safety. Such a refusal will be based on an assessment of risk by Cunard to take into account the provisions of national law and other applicable legislation and international regulations including the International Management Code for the Safe Operation of Ships and for Pollution Prevention and the International Convention for the Safety of Life at Sea. It is important that the fullest information is provided by the Passenger at the time of booking. If a Passenger's circumstances change between the date of booking the Package and the date of commencement of the Package, which may make the carriage of that Passenger unsafe, the Passenger is obliged to inform Cunard as soon as possible and to advise Cunard of any requirements for special arrangements, medical equipment/supplies, care or assistance.
- Cunard reserves the right to require any Passenger to produce medical evidence of fitness to travel on the Package in order to assess whether that Passenger can be carried safely in accordance with applicable international, EU or national law. Where Cunard considers that it is strictly necessary Cunard may require a Passenger with reduced mobility or any Disability to be accompanied by another person who is fit and able to assist them in day to day tasks and capable of providing the assistance required by the Passenger with reduced mobility or any Disability. This requirement will be based entirely on safety grounds and may vary from ship to ship and/or itinerary to itinerary. Examples of Passengers who may fall into this category include Passengers who use wheelchairs or mobility scooters (the term "wheelchair" shall hereinafter be used to refer to wheelchairs and mobility scooters collectively) or who require assistance with personal care. The assessment of whether or not it is strictly necessary for a Passenger to be accompanied will be based on information provided at the time of booking. Passengers are requested to provide as much information as possible to enable a full risk assessment to be made. Passengers may be asked to provide further information to ensure that Cunard has all relevant information.
- In order to ensure that Cunard can provide the necessary assistance and there are no issues relating to the design of the ship or port infrastructure and equipment, including port terminals, which may make it impossible to carry out the embarkation, disembarkation or carriage of the Passenger in a safe or operationally feasible manner, Passengers who may require special treatment or assistance or with reduced mobility or Disabilities (including Passengers who use wheelchairs) must advise Cunard at the time of booking. Passengers who use wheelchairs must furnish their own standard size wheelchairs. Ships' wheelchairs are available for emergency use only. For the safety of the ship and all Passengers on board, all wheelchairs and other aids to mobility must be stored in the Passenger's stateroom when they are not being used and in order to ensure that this is possible, and to so ensure the safety of the ship and all passengers on board, Cunard reserves the right to require that Passengers who use wheelchairs book a specified category of stateroom. Further information is contained in the Cunard brochure and website. Cunard reserves the right to refuse passage to any Passenger who has failed to notify Cunard of their requirement for special treatment or assistance or of reduced mobility or Disabilities (including the requirement to use a

wheelchair). The cost for loss or damage to mobility equipment caused by the fault or neglect of Cunard or a shipping incident is subject to Cunard's absolute discretion to either repair or replace the equipment. Except where Cunard agrees otherwise and in writing at the time of booking Passengers are restricted to having on board the ship, two pieces of mobility or other medical equipment with a combined value not exceeding £2,250 per stateroom.

22. Cunard and/or the relevant port authorities shall be entitled to administer a Public Health Questionnaire at any time. All Passengers agree to complete the pre-boarding questionnaire and to supply accurate information regarding any symptoms of illness including but not limited to gastro-intestinal illness. In the interests of health and safety Cunard may deny boarding to any Passenger who has symptoms of any viral or bacterial illness including but not limited to Norovirus. Refusal by a Passenger to complete the relevant pre-boarding questionnaire may in itself result in denied boarding. All cases of denied boarding will be treated as a cancellation attracting 100% cancellation charges in accordance with clause 38.
23. In the event that any viral and/or bacterial illness is diagnosed whilst a Passenger is on board that Passenger may be required to remain in his or her stateroom for reasons of health and safety. In the event that any Passenger refuses to remain in their stateroom during the period recommended by the ship's doctor then that Passenger may for reasons of health and safety be disembarked by Cunard without any further liability.
24. In order to ensure that Passengers are carried in accordance with applicable safety requirements Passengers are required to notify Cunard at the time of booking:
 - (i) of their specific needs with regard to accommodation, seating or services required and/or whether they need to bring any specific medical equipment on board;
 - (ii) of the nature any assistance required from Cunard or any terminal operator;
 - (iii) if the Passenger wishes to bring a recognised assistance dog on board the ship. Assistance dogs are subject to national regulations. There is also a limit to the number of dogs which can be carried on board. It is therefore imperative that the requirement is notified at the time of booking.
 - (iv) of any other assistance which is required on board.

Please note that the medical facilities on board Cunard's ships are NOT equipped to perform dialysis. The shipboard doctors are not trained to provide dialysis treatments but are able to assist in emergency situations. It is the responsibility of the Passenger to provide all dialysis equipment and treatment. This includes antibiotics. A risk assessment shall be carried out at the time of booking to ensure that the Passenger can be carried safely and in accordance with applicable laws. The electrical supply on board Cunard's ships varies but may not be the same as the standard electrical supply in the UK. Passengers should contact Cunard for specific details. It is important that any Passenger who will be bringing electrical medical equipment on board the ship contacts the manufacturer or supplier to ensure that the equipment is safe to use on board the ship. In relation to medical equipment there are limited storage facilities onboard. It is the responsibility of the Passenger to arrange delivery of all medical equipment to the ship prior to departure. The requirement for Passengers to notify Cunard prior to booking if they need to have medical equipment on board is to ensure that the medical equipment can be carried and/or carried safely. There are restrictions on the number of oxygen cylinders which can be carried in staterooms. The ship's medical centre cannot refill or supply oxygen cylinders. It is the Passenger's responsibility to ensure that all medical equipment is in good working order and for arranging enough equipment and supplies for the duration of the Package. The ship does not carry any replacement equipment and access to shore side care and equipment may be difficult and expensive. Passengers must be able to operate all medical equipment. If there are any particular medical conditions which require supervision then such supervision must be organised by the Passenger and at the Passenger's expense. The ships do not provide one-to-one or other carers for physical or psychiatric or other conditions. The ships do not offer respite services. Passengers must note that not all medical equipment can be carried or used onboard aircraft. Passengers must check with the airline prior to carriage.

Pregnancy.

25. Cunard recommends that women who are less than 12 weeks pregnant should seek medical advice prior to travel.
26. Cunard does not have on board its ships adequate medical facilities for childbirth. Accordingly for reasons of health and safety Cunard regrets that it cannot carry Passengers who will have entered their 24th week of pregnancy or beyond at any point during their Package. All pregnant women are required to produce a doctor's or midwife's letter stating that mother and baby are in good health, fit to travel taking into account

the proposed itinerary and that the pregnancy is not high-risk. The letter must also include the estimated date of delivery (EDD) calculated from both the last menstrual period (LMP) and ultrasound (if performed). Cunard cannot accept a booking or subsequently carry a Passenger unless they comply with the requirements of this clause. In the case of a booking by or on behalf of a pregnant Passenger made before it could reasonably have been known that the Passenger would not be able to join the Package by reason of the Passenger entering their 24th week of pregnancy or beyond at any point in their Package, Cunard will refund in full the fare paid by or on behalf of that Passenger and the fare paid by any accompanying Passenger, provided that the pregnant Passenger notified Cunard as soon as reasonably practicable upon becoming aware that she would not be able to join the Package, but shall otherwise have no liability whatsoever. Cunard expressly reserves the right to refuse passage on board to any Passenger who appears to be in an advanced state of pregnancy and Cunard shall have no liability whatsoever in respect of either such refusal and/or the carriage of any such Passenger.

27. Pregnant Passengers are referred to clauses 29 - 31 headed "Medical Treatment" for information regarding the medical facilities on board.
28. The ship's doctor is not qualified to deliver babies or to offer pre or post natal treatment and no responsibility is accepted by Cunard in respect of the inability to provide such services or equipment.

Medical Treatment.

29. The Passenger acknowledges that whilst there is a qualified doctor on board it is the Passenger's obligation and responsibility to seek medical assistance if necessary during the Cruise.
30. The ship's doctor is not a specialist and the ship's medical centre is not required to be and is not equipped to the same standards as a land based hospital. The ship's medical centre is not designed for the provision of extensive or continuing treatment. The ship carries medical supplies and equipment in accordance with the requirements of its flag state. Neither Cunard nor the ship's doctor shall be liable to the Passenger as a result of any inability to treat any medical condition as a result. Charges will apply for services and medications dispensed by the ship's medical centre.
31. In the event of illness or injury a Passenger may have to be landed ashore for medical treatment. No representations are made regarding the quality of medical treatment at any port of call or at the place at which the Passenger is landed. Medical facilities do vary from port to port and no representations or warranties are made in relation to the standard of medical treatment provided by the various hospitals and/or clinics.

Insurance.

32. It is a condition of the Contract that every Passenger must have full and valid medical insurance which includes cover for pre-existing medical conditions worldwide, or as a minimum, in the countries that the Passenger is due to visit and which must remain in force for the entire duration of the Package. The insurance policy must, as a minimum, include medical and repatriation coverage for not less than £2 million and must include cover for the cost of emergency evacuations from the ship, including but not limited to, evacuations by helicopter.
33. Wherever possible, Cunard will offer general assistance to any Passenger who suffers illness, personal injury or death during the period of the Package, whether or not arising from an activity forming part of the Package and whether or not the result of fault by any party.
34. Any cost or expense which is reasonably incurred by Cunard for or on behalf of the Passenger in respect of any form of medical, dental or similar treatment, hotel, transportation, repatriation or any other expense shall be repayable by the Passenger to Cunard, whether or not such sum is covered by the Passenger's travel insurance. Cunard reserves the right to take any action that it considers appropriate to recover any such cost or expense.

Fares and Extras.

35. All fares are based on costs and exchange rates as at 11 July 2017. Cunard reserves the right to vary particulars and fares shown in the brochure after the date of publication. Fares, discounts, supplements and special offers advertised in the brochure or elsewhere may be withdrawn or changed. Fares may go up or down. Passengers should contact their travel agent for up to date fares and charges before booking, or call us on 03453 550 300*, or visit our website: www.cunard.com. Cunard reserves the right to levy a charge for payments made to Cunard by credit card. The Passenger will be advised of the rate of any such charge at the time of making a payment.
36. The fare for your Package can be varied due to changes in transportation costs such as fuel, scheduled air fares and other airline cost changes which are part of the contract between the airline (and their agents)

and Cunard, government action such as changes in VAT or any other government imposed changes and currency changes in relation to an exchange rate variation. In the case of any small variation, an amount equivalent to 2 per cent of the fare for your travel arrangements, which excludes insurance premiums and any amendment charges, will be absorbed for increases but not retained from refunds. For larger variations this 2 per cent will still be absorbed for increases but not retained from refunds. In either case there will be an administration charge of £1 per Passenger, together with an amount to cover agents' commission. If this means the Passenger has to pay an increase of more than 10 per cent of the fare for the Package, the Passenger may cancel the Contract and receive a full refund of all monies paid, except for any amendment charges or insurance premiums. No consequential costs or expenses or loss of profits will be payable. Cunard will consider an appropriate refund of insurance premiums paid if the Passenger can show that he/she was unable to transfer or re-use the policy. Should the Passenger decide to cancel for this reason, the Passenger must exercise his right to do so within 14 days from the issue date printed on the final invoice. Alternatively, the Passenger can accept an offer of an alternative Package if Cunard is able to provide an alternative and transfer payment made in respect of the original Package to the alternative Package. If the cost of the alternative Package is less than the original Package the difference in fare will be refundable. Please note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the fare for your Package due to contractual and other protection in place.

37. All accounts for on-board services and goods and for shore excursions must be settled in full before the Passenger leaves the ship. In the event that a Passenger fails to settle his on-board account at or before the completion of the Cruise, Cunard reserves the right to charge interest on the outstanding sums until the date of actual payment and shall be entitled to make a reasonable administration charge for the subsequent collection of such sum due in addition to any costs of legal process. Cunard also reserves the right to cancel any future bookings that the Passenger may have and to set off any sums owed to Cunard by the Passenger against any sums due to the Passenger from Cunard, without prejudice to any other remedies Cunard may have under these Conditions or otherwise.

Cancellation by the Passenger.

38. The Passenger may cancel the Contract at any time prior to the commencement of the Package via their travel agent or, for Passengers who have booked direct, by calling our Reservations Department, but in that event Cunard shall be entitled to levy a cancellation charge as a percentage of the fare paid in accordance with the following scales.

The Cunard Fare and Early Saver:	
Period before departure within which written notice of cancellation is received by Cunard	Cancellation charges (percentage of fare)
From the date of booking until 91 days before departure	Deposit
90 to 57 days	50%
56 to 42 days	60%
41 to 16 days	75%
15 to 6 days	90%
Less than 6 days before departure or failure to embark.	100%
Saver:	
Period before departure within which written notice of cancellation is received by Cunard	Cancellation charges (percentage of fare)
From the date of booking until departure, including failure to embark.	100%

39. It may be possible for the Passenger to re-claim these cancellation charges (less any applicable excess) under the terms of the Passenger's insurance policy. Claims should be submitted to the appropriate insurer. After departure, if the Passenger disembarks whether by reason of sickness or any other reason the Passenger will not be entitled to a refund of a proportion of the Package not used.

Alteration and cancellation by Cunard prior to departure.

40. Whilst Cunard will do its best not to cancel or to make any significant alteration after a booking has been made, it shall nevertheless be entitled at any time prior to departure to cancel the Contract or to change and/or curtail the Package where this reasonably becomes necessary on operational, commercial or other grounds. Cunard will inform the Passenger of any such cancellation or change of Package as quickly as possible (with, where appropriate, written confirmation as soon as reasonably possible thereafter). If Cunard makes a significant alteration to the Package it will inform the Passenger or his travel

agent as soon as reasonably possible. The Passenger will have the choice of either accepting the alteration, accepting an offer of an alternative Package of comparable standard if available (Cunard will refund any fare difference if the alternative is of a lower value) or cancelling the Package and receiving a full refund of all monies paid. The Passenger recognises and agrees that it will not normally be possible for Cunard to offer an appropriate substitute Package which is available at about the same time as and/or with a similar itinerary to that originally booked, but Cunard will do its best to provide a suitable alternative Package of similar duration and value. The Passenger must notify Cunard of his decision as soon as reasonably possible and in any event not later than 14 days of being informed of the significant alteration.

41. If the Passenger cancels the Package in the circumstances set out in clause 40 or if Cunard cancels the Package, the Passenger shall also be entitled to compensation as follows (except if the change or cancellation is due to force majeure, non-payment by the Passenger or where the minimum number of Passengers required for a Package to proceed is not reached).

Period of notification given by Cunard	Compensation per full fare paying passenger
90 to 43 days	5% cruise credit
42 to 29 days	10% cruise credit
28 to 15 days	15% cruise credit
14 to 0 days	20% cruise credit

42. The value of any cruise credit will be calculated by reference to the fare actually paid for the cancelled Package and may only be used for other bookings with Cunard. Any such new booking must be made by no later than 31 December of the year after the date of the original Package. Credit vouchers may be redeemed against the fare of the new Package net of any discount available to the Passenger at the time of booking. The compensation set out above does not exclude the Passenger from claiming more if he/she is entitled to do so or from requesting that compensation be provided in a different form. No consequential costs or expenses or loss of profits will be payable.

Alteration and cancellation by Cunard after departure.

43. After departure, Cunard does not guarantee that the ship will call at every port on the itinerary or follow every part of the advertised route or schedule or that every part of the Package will be provided. Cunard reserves the absolute right to decide whether or not to omit any such port(s) and/or to call at additional ports and/or to change the advertised route, schedule or Package. If Cunard is unable to provide a significant proportion of the Package, it will make suitable alternative arrangements, at no extra cost to the Passenger, for the continuation of the Package. If the Passenger does not accept them, for good reasons, or, if it is impossible to make suitable alternative arrangements Cunard will, where appropriate, provide the Passenger with transport back to the place of departure or to another place to which Cunard and the Passenger have agreed. In both cases Cunard will, where appropriate, compensate the Passenger. Please note that compensation will not be payable if an alteration is minor or if Cunard is not able to provide a significant proportion of the Package due to force majeure.
44. Transit or part transit of straits, other sea areas controlled by vessel traffic schemes, canals, rivers and all other navigable waterways may be subject to delay due to operational circumstances and/or the requirements of the local authorities and Cunard shall have no liability whatsoever in respect of any such delay.

Security, safety and support.

45. Passengers are expected at all times to conduct themselves in a proper manner and with due regard to the health, safety, comfort, enjoyment and general well-being of all persons both on board the ship and involved in the provision of any service or facility forming part of the Package or any shore excursion, and the Passenger expressly agrees to this. If it appears that a Passenger's conduct, behaviour or health is such as to be a breach of this requirement or the Passenger's behaviour, health or conduct is likely to endanger the Passenger's own health or safety or that of any other Passenger or crew or may make the Passenger likely to be refused permission to go ashore at any port or may make Cunard liable for the costs of any medical treatment and/or maintenance and support and/or repatriation, then Cunard and/or the Master shall have the right according to the particular circumstances to take any one or more of the following measures as may appear to be reasonable and appropriate –
- ◆ refuse to embark or to disembark the Passenger at any particular port or other place of call;
 - ◆ disembark the Passenger;
 - ◆ transfer the Passenger to another berth;
 - ◆ confine the Passenger to a particular stateroom or to the ship's medical centre;
 - ◆ through the ship's doctor and/or his staff, administer

any drug, medicine or other substance of a similar nature, or admit and/or confine the Passenger to a hospital or any similar institution at any port as the ship's doctor may consider necessary;

- ◆ remove the Passenger from the hotel, if appropriate;
- ◆ repatriate the Passenger to the United Kingdom.

46. In the event of Cunard and/or the Master acting in accordance with clause 45 above, neither the Passenger nor (at the sole discretion of Cunard) any other person travelling with the Passenger (whether or not under the same booking) shall be entitled to make a claim against Cunard for any loss or expense incurred as a result of such action, whether for a full or partial refund of the fare or for any other form of compensation or for the cost of returning to the United Kingdom or to any other place or for any other form of loss or expense whatsoever. Where the Passenger is repatriated pursuant to this clause at Cunard's expense, Cunard shall have the right to recover the cost of this.
47. If any Passenger is denied the right to board an aircraft because, in the reasonable opinion of the Captain, the Passenger is unfit to travel or represents a threat to the safety of the aircraft or its passengers or crew or is abusive or disruptive, Cunard will not be liable to complete the Passenger's holiday arrangements and will not be liable to pay any refunds or compensation. If an aircraft is forced to make an unscheduled landing as a result of the conduct of any Passenger, Cunard shall have the right to recover the full cost thereof from the Passenger.
48. For security reasons, it may be necessary at any time to search Passengers and/or their luggage and goods and the Passenger agrees to allow such search upon being so requested by the Master or any other authorised person.
49. The Passenger must not bring on board the ship any goods or articles of an inflammable or dangerous nature, nor any controlled or prohibited substance, nor any animals. To do so shall be a breach of these Conditions and shall render the Passenger strictly liable to Cunard for any injury, loss, damage or expense and the Passenger shall compensate Cunard in full for any loss, damage or expense suffered by Cunard as a result of such breach. The Passenger may also be personally liable to statutory penalties. The Master (or any other officer delegated for the purpose) shall be entitled at all times to enter and search the stateroom and personal luggage (whether or not in the stateroom) of any Passenger whom the Master reasonably believes may be in breach of this clause. Where the Passenger is found to be in breach of this clause, Cunard and/or the Master of the ship shall be entitled to exercise any of the powers conferred by clause 45 and clause 46 shall apply.
50. Any crew member or other person authorised by Cunard shall be entitled to enter a Passenger's stateroom to carry out necessary inspection, maintenance or repair work or for any purpose associated therewith.

Complaints.

51. Any problem which arises during a holiday must be raised by the Passenger at the time with a representative of Cunard. If the problem is not resolved to the full satisfaction of the Passenger during the holiday, it is essential that to enable the complaint to be investigated properly it must be notified to Cunard at the earliest opportunity thereafter and in any event no later than 28 days after the Passenger's return from the Package. Failure to report the complaint within this time may adversely affect Cunard's ability to investigate and deal with it and may prejudice any future claim. Complaints relating to EU Regulation 1177/2010 Concerning the Rights of Passengers when Travelling by Sea and Inland Waterways must be made to Cunard in writing within two months of the date on which the service was performed. Within one month, Cunard shall respond to the Passenger that the Passenger's complaint has been substantiated or rejected or is still being considered. However, the time taken to provide the reply shall be no longer than two months from receipt of the complaint.

Liability.

52. Subject to paragraphs 52 to 56 Cunard accepts responsibility for death, injury or illness caused by the negligent acts and/or omissions of its Suppliers in respect of the Package, but excluding the Cruise. Cunard limits its liability, where applicable, by the conventions referred to in clauses 55 to 60 inclusive. In any event, Cunard is not responsible for any improper or non-performance of any services forming part of the Package which are wholly attributable to the fault of the Passenger; the unforeseeable or unavoidable act or omission of a third party unconnected with the provision of any services to be provided under the Contract; unusual and unforeseeable circumstances beyond the control of Cunard and/or the relevant Supplier the consequences of which could not have been avoided even if all due care had been exercised, including (but not limited to) an event of force majeure; or any event which Cunard and/or the relevant Supplier could not even with all due care have foreseen or forestalled.
53. For claims not involving personal injury, death or

illness or which are not subject to the conventions referred to in clauses 55 to 60 inclusive, Cunard's liability for improper performance of the Contract shall be limited to a maximum of twice the fare which the Passenger affected paid for the Package (not including insurance premiums and amendment charges) and Cunard shall have no liability for any loss of business or profits, loss of use or any other consequential or indirect loss or damage.

54. All carriage (by land, air and sea) is subject to the terms and conditions of carriage of the actual carrier. These may limit or exclude liability. They are expressly incorporated into the Contract. Copies of these terms and conditions are available on request from Cunard. Cunard will ensure that the Passenger is informed of the identity of the air carrier once it has been finalised and details of likely carriers are contained in the brochure. Cunard does not use any carrier on the EU banned carrier list, available via our website. The liability of Cunard will not exceed that of any carrier.
55. Carriage of Passengers and their luggage by air is governed by various international conventions (hereinafter "the international air conventions"), including the Warsaw Convention 1929 (whether as amended by the Hague Protocol 1955 or the Montreal Protocol 1999 or otherwise) or the Montreal Convention 1999. Flights between the UK and any member state of the European Union are currently governed by EC Regulation 889/2002 which gives legal effect to the Montreal Convention 1999. To the extent that Cunard may be liable as a non-performing air carrier to Passengers in respect of carriage by air, the terms of the international air conventions (including any subsequent amendments and any new convention which may be applicable to a Contract for a fly cruise between Cunard and a Passenger) are expressly incorporated into these Conditions. The international air conventions may permit the carrier to limit its liability for death and personal injury, loss of and damage to luggage and delay. Insofar as Cunard may have any liability to the Passenger in respect of carriage by air, it shall be determined accordingly. Copies of these conventions are available from Cunard on request.
56. International Carriage of Passengers and their luggage by sea, including the Cruise, is governed by EU Regulation 392/2009 on the Liability of Carriers of Passengers by Sea in the Event of Accidents (EU Regulation 392/2009) which may be viewed at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/2724/annex-b-reg-ec-392-2009.pdf and The Athens Convention 2002 which may be viewed at https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/261628/Misc.6.2013_Prot_2002_Athens_8760.pdf. Copies are available on request. The Athens Convention 2002 and EU Regulation 392/2009 are expressly incorporated into these Conditions and any liability of Cunard for death or personal injury or for loss of or damage to luggage arising out of international carriage by sea shall be solely brought and determined in accordance with the Athens Convention 2002 and EU Regulation 392/2009 which limit the carrier's liability for death or personal injury or loss of or damage to luggage and make special provision for valuables. The limits of liability are assessed by reference to Special Drawing Rights (SDRs) which fluctuate depending on daily exchange rates. All SDR values in these Conditions are accurate as per 28 April 2014. Up to date figures may be assessed at the following website http://www.imf.org/external/np/fin/data/rms_sdrv.aspx. It is presumed that luggage has been delivered undamaged to the Passenger unless written notice is given to Cunard (as carrier):
- a) in the case of apparent damage, before or at the time of disembarkation or redelivery; b) in the case of damage which is not apparent or of loss, within 15 days from the date of disembarkation or redelivery or from the time when such redelivery should have taken place. Where the Cruise is seagoing but does not call at more than one country (Domestic Carriage) then the provisions of the Athens Convention 1974 may apply. If the domestic carriage is in the UK the Merchant Shipping (Convention relating to the Carriage of Passengers and their Luggage by Sea) (Amendment) (Order) 2014 (2014 Regulations) may apply. Non seagoing cruises shall be subject to the provisions of the Merchant Shipping Act 1995 and liability for death and or personal injury is limited to 175 000 SDRs per passenger. These provisions will also apply where the ship is being used as a floating hotel. The limits applicable to cabin luggage pursuant to the Athens Convention 1974 and the 2014 Regulations are 833 SDRs (£768). The figure increases to 2,250 SDRs (£2,075) where EU Regulation 392/2009 and the Athens Convention 2002 apply. Cunard is not liable in respect of the loss and/or damage to any valuables unless these have been deposited with the ship. Using the cabin safe is not a deposit with the ship. Where deposited with the ship and unless a higher figure is agreed in writing, Cunard's liability pursuant to the Athens Convention 1974 and 2014 Regulations will be limited to 1,200 SDRs (£1,107) or where EU Regulation 392/2009 and/or the Athens Convention 2002 apply, 3,375 SDRs (£3,113). In the event of death and/or personal injury then the limits applicable under the Athens Convention 1974 and 2014 Regulations are

- 46,666 SDRs (£43,048) or 300,000 SDRs (£276,741) where the Performing Carrier's principal place of business is in the UK. In accordance with EU Regulation 392/2009 and the Athens Convention 2002 the Passenger has a right to compensation for death or personal injury up to 250,000 SDRs (£230,617) per incident from the carrier in respect of a shipwreck, capsizing, collision or stranding of the ship, explosion or fire in the ship, or defect in the ship ("Shipping Incident") save where the Shipping Incident resulted from an act of war, hostilities, civil war, insurrection or a natural phenomenon of an exceptional, inevitable and irresistible character; or was wholly caused by an act or omission done with the intent to cause the incident by a third party. Compensation for a Shipping Incident can increase by a further 150,000 SDRs to a total figure of 400,000 SDRs (£368,998) per Passenger, per incident unless the carrier proves that the incident which caused the loss occurred without its fault or neglect. In the event of a non-shipping incident the Passenger must prove that the incident which caused the damage was the result of the carrier's fault or neglect. In those circumstances the maximum amount payable will be 400,000 SDRs. In any case involving war or terrorism the maximum payable is 250,000 SDRs per passenger or 340 million SDRs per ship per incident. A summary of EU 392/2009 may be viewed at <http://ec.europa.eu/transport/themes/passengers/maritime/doc/rights-in-case-of-accident.pdf>
57. Any damages payable by Cunard up to EU 392/2009, the Athens Convention 2002 and/or 2014 Regulations limits shall be reduced in proportion to any contributory negligence by the Passenger and by the maximum deductible specified in Article 8 (4) of the Athens Convention 1974.
58. Insofar as Cunard may be liable to a Passenger in respect of claims arising out of carriage by air or carriage by sea, Cunard shall be entitled to all the rights, defences, immunities and limitations available, respectively, to the actual air carrier (including his own terms and conditions of carriage) and under the Athens Convention, and nothing in these Conditions shall be deemed a surrender thereof. To the extent that any provision in these Conditions is made null and void by the Warsaw Convention, the Montreal Convention or the Athens Convention or any legislation compulsorily applicable or is otherwise unenforceable, it shall be void to that extent but no further.
59. Insofar as the Cruise may be performed on a ship not owned by Cunard, it is agreed that Cunard shall at all times nevertheless be deemed a ship owner for the purposes of the Convention on Limitation of Liability for Maritime Claims 1976, whether as amended by the Protocol of 1996 or otherwise and as in force in any relevant jurisdiction from time to time, and so entitled to limit liability thereunder.
60. Except for claims arising out of carriage by air (as provided by clause 55), any liability in respect of death and personal injury and loss of and damage to luggage which Cunard may incur to the Passenger during sea carriage, whether under the Contract in accordance with these Conditions or otherwise, shall always be subject to the limits of liability contained in the Athens Convention 2002, EU Regulation 392/2009 or the 2014 Regulations.
61. In respect of any claims for loss of or damage to property including luggage which are not covered by international conventions including the Athens Convention 2002, EU Regulation 392/2009, the 2014 Regulations and/or the Montreal Convention and where liability is not limited by reference to any enactment, terms or conditions then any legal liability that Cunard may have for any such losses will be limited to £500.00 per Passenger. Cunard shall not be liable for lost valuables including jewellery and/or monies under any circumstances. Passengers must ensure that their personal possessions and valuables are with them at all times.
62. Hotels and shuttle services included in the Package or purchased at any other time are arranged by Cunard with local Suppliers who may themselves engage the services of local operators. Standards of hygiene, accommodation and transport in many countries where excursions take place are often lower than comparable standards in the UK. Cunard will at all times endeavour to appoint reputable and competent local Suppliers. The terms and conditions of the hotels and shuttle services will be applicable and are expressly incorporated into the Contract (or any other contract between Cunard and the Passenger in respect of shuttle services). These may limit or exclude liability of the hotelier or the shuttle services operators. The liability of Cunard will not exceed that of any hotelier and/or shuttle services operator. Local standards of the relevant country will be relevant in assessing performance of the Package services. In the event of a complaint by a Passenger, the Contract (or any other contract between Cunard and the Passenger in respect of shuttle services) will be regarded as having been performed if local standards relating to those services have been satisfied even if the laws of England and Wales have not been met. Cunard is not responsible for any improper or non-performance of such services which are wholly attributable to the fault of the Passenger; the unforeseeable or unavoidable act or omission of a third party unconnected with the provision of the services to be provided; unusual and unforeseeable circumstances beyond the control of Cunard and/or the relevant Supplier the consequences of which could not have been avoided even if all due care had been exercised, including (but not limited to) an event of force majeure; or any event which Cunard and/or the relevant Supplier could not even with all due care have foreseen or forestalled.
63. Cunard does not include any shore excursions in the fare. Shore excursions do not form any part of a Package. Shore excursions may be reserved after a Package has been booked from a separate shore excursions brochure or online. Reservations may be made for a specified period prior to the Cruise commencing. Purchases may also be made onboard the ship.
64. Any shore excursions booked will be supplied by local operators. Cunard will at all times endeavour to appoint reputable and competent local operators who apply the local laws and regulations of the relevant country. Shore excursion operators are not Cunard's servants, agents or suppliers. Cunard is not responsible for any acts or omissions which are wholly attributable to the fault of the local operators. Cunard does not operate, perform or otherwise organise and/or audit any shore excursions. All Passengers must ensure that they are fit and healthy to undertake shore excursions. All shore excursions are governed by the terms and conditions in the shore excursions brochure.
65. All employees, agents, contractors and their sub-contractors (including Suppliers as defined in clause 1), as well as all insurers of both Cunard and its Suppliers shall have the benefit of the same rights, defences, immunities and limitations available to Cunard under these Conditions.

Actions, claims and time limits.

66. Any action by a Passenger arising out of carriage by air or sea must be commenced within the time limit prescribed by the Warsaw Convention, the Montreal Convention, the Athens Convention 2002, EU regulation 392/2009, or the 2014 Regulations, as applicable.
67. If a court or tribunal applies any law other than English law, Cunard shall (in respect of all exclusions and limitations of liability) be entitled to the maximum protection allowed by that law including statutory protection of limitation as to the amount of damages recoverable.
68. Cunard is a Member of ABTA, membership number V8764. Cunard is obliged to maintain a high standard of service to Passengers by ABTA's Code of Conduct. Cunard can also offer Passengers ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If Cunard can't resolve a complaint, Passengers can go to www.abta.com to use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on www.abta.com.

Financial Protection.

69. Cunard provides full financial protection for all Packages. For flight-based Packages this is through Cunard's Air Travel Organiser's Licence number 6294. In the unlikely event of Cunard's insolvency, the CAA will ensure that Passengers booked on flight-based Packages are not stranded abroad and will arrange to refund any money the Passenger has paid to Cunard for an advance booking. For further information visit the ATOL website at www.atol.org.uk. When a Passenger buys an ATOL protected flight or flight inclusive holiday from Cunard they will receive an ATOL Certificate. This lists the flight, accommodation, car hire and/or other services that are financially protected, where the Passenger can get information on what this means for them and who to contact if things go wrong. Cunard or the suppliers identified on the ATOL Certificate will provide the Passenger with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither Cunard or the suppliers are able to do so for reasons of insolvency, an alternative ATOL holder may provide the Passenger with the services it has bought or a suitable alternative (at no extra cost to the Passenger). The Passenger agrees to accept that in those circumstances the alternative ATOL holder will perform those obligations and agrees to pay any money outstanding to be paid by the Passenger under the Contract to that alternative ATOL holder. However, the Passenger also agrees that in some cases it may not be possible to appoint an alternative ATOL holder, in which case the Passenger will be entitled to make a claim under the ATOL scheme (or its credit card issuer where applicable). If Cunard, or the suppliers identified on the ATOL Certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) the Passenger under the ATOL scheme. The Passenger agrees that in return for such a payment or benefit the Passenger assigns absolutely to those Trustees any claims which the Passenger has or may have arising out of or relating to the non-provision of the services, including any claim against Cunard, the Passenger's travel agent (or the Passenger's credit card issuer where applicable). The Passenger also agrees that any such claims may be re-assigned to another body, if that other body has paid sums the Passenger has claimed under the ATOL scheme.

70. Not all Packages offered and sold by Cunard will be protected by the ATOL scheme. All non-fly Packages sold by Cunard in the UK are protected under the ABTA scheme of financial protection. In the unlikely event of Cunard's insolvency, ABTA will ensure that Passengers booked on non-fly Packages are not stranded abroad and will arrange to refund any money paid to Cunard for an advance booking. Cruises sold overseas may be covered by consumer protection schemes in place in the country of sale or by the protection scheme operated by ABTA, and Passengers should contact Cunard for confirmation of what protection may apply to their booking.

How we will use your data.

71. In clauses 71 to 72, "you" means the Passenger. In order to process your booking and to ensure that your travel arrangements run smoothly and meet your requirements, Cunard needs to use the personal data you provide such as name, address, any special needs, health, medical, mobility or dietary requirements, etc. Cunard may pass personal data on to other relevant suppliers of your travel arrangements such as travel agents, airlines, hotels, and transport companies. Your personal data may also be provided to security and/or credit checking companies, credit and debit card companies, government and enforcement agencies, public authorities such as customs and immigration if required by them, or as required by law. Cunard may also use your personal data for the purposes of carrying out security checks. Your personal data may be shared with the police or other law enforcement or crime prevention agencies for security purposes. This may involve sending your personal data between different countries, including countries outside the European Union (EU) where controls on data protection may not be as strong as the legal requirements in the EU. This may also apply to any sensitive information that you give to us such as details of any disabilities or dietary/religious requirements. If Cunard cannot pass your personal data on to the relevant suppliers, whether in the EU or not, Cunard cannot properly effect your booking. For the safety and security of the ship and its Passengers, and to detect and prevent criminal activity, Cunard may operate closed circuit television (CCTV) cameras in certain areas on board the ship during your Cruise and thermal imaging cameras at the point of access to and from the ship. Thermal imaging cameras can be used to identify items concealed beneath clothing (including medical equipment) that are not otherwise visible to the naked eye. Please be aware, however, that Cunard does not undertake to operate all cameras or monitor or record CCTV images at all times. CCTV and thermal imaging camera footage may be retained and passed to the police or other law enforcement or crime prevention agencies (in any jurisdiction) in order to detect or prevent criminal activity or to assist in the apprehension and prosecution of offenders. Please be aware that there are photographers and camera crew on board the ship taking photographs and making films for passengers to purchase at the end of the Cruise. They are happy to take reasonable steps to avoid filming you where you indicate that this is your preference, but you may be included unless you tell us otherwise and we are unable to guarantee that you will not be included on an incidental basis. Please be aware that calls made to Cunard, and calls received from Cunard, may be recorded for the purposes of audit, training and the monitoring of services provided by Cunard. Cunard may from time to time change its privacy notice, which describes how your personal data may be processed, and its up to date privacy notice is made available at cunard.com or by writing to the address given below.

Data Protection.

72. The personal data you provide to Cunard, or which is obtained through your dealings with Cunard or other Carnival group cruise brands, will be processed in accordance with our privacy notice which is available on the Cunard website. We may use personal data about you to inform you about our products and services and deliver those products and services for you; to review your dealings with Cunard or other Carnival group cruise brands including your purchasing and entertainment preferences; to review, develop and improve the products and services Cunard offers; for market research purposes and for statistical analysis. We will obtain your consent to processing where that is required. We may share personal data about you with other Carnival group companies and our suppliers, agents, sub-contractors or other commercial partners, including those outside of the EU, and will use appropriate legal and technical safeguards when we do so. We will retain personal data about you for no longer than necessary for the purpose of processing, and you may withdraw your consent to processing at any time if you wish to do so. You may obtain, correct, or erase personal data about you, and restrict or object to processing if you wish. Should you wish to complain about our processing of your personal data you may submit a complaint to the relevant supervisory authority.
